Once upon a time, a bicenntenial staff got together during a bicentennial year and decided to put together a bicentennial yearbook. This is the result! Problems arose that only a publications staff would understand. Late deadlines--lost pictures--tables groaning with the weight of croppers, 3-R's, grease pencils, copy keys, and rulers. Problems became more complicated as the year went on--professional photographers who didn't understand the meaning of deadlines--last minute pages--just general confusion!!! Here are the people who, with the students' help, made the 1975-'76 El Tigre possible.

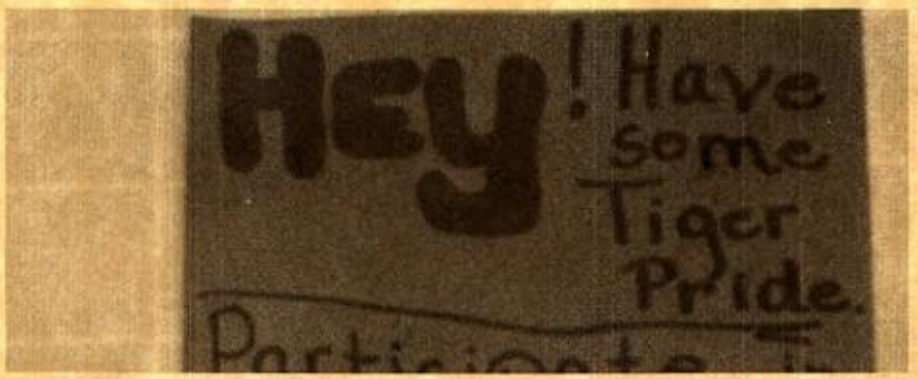
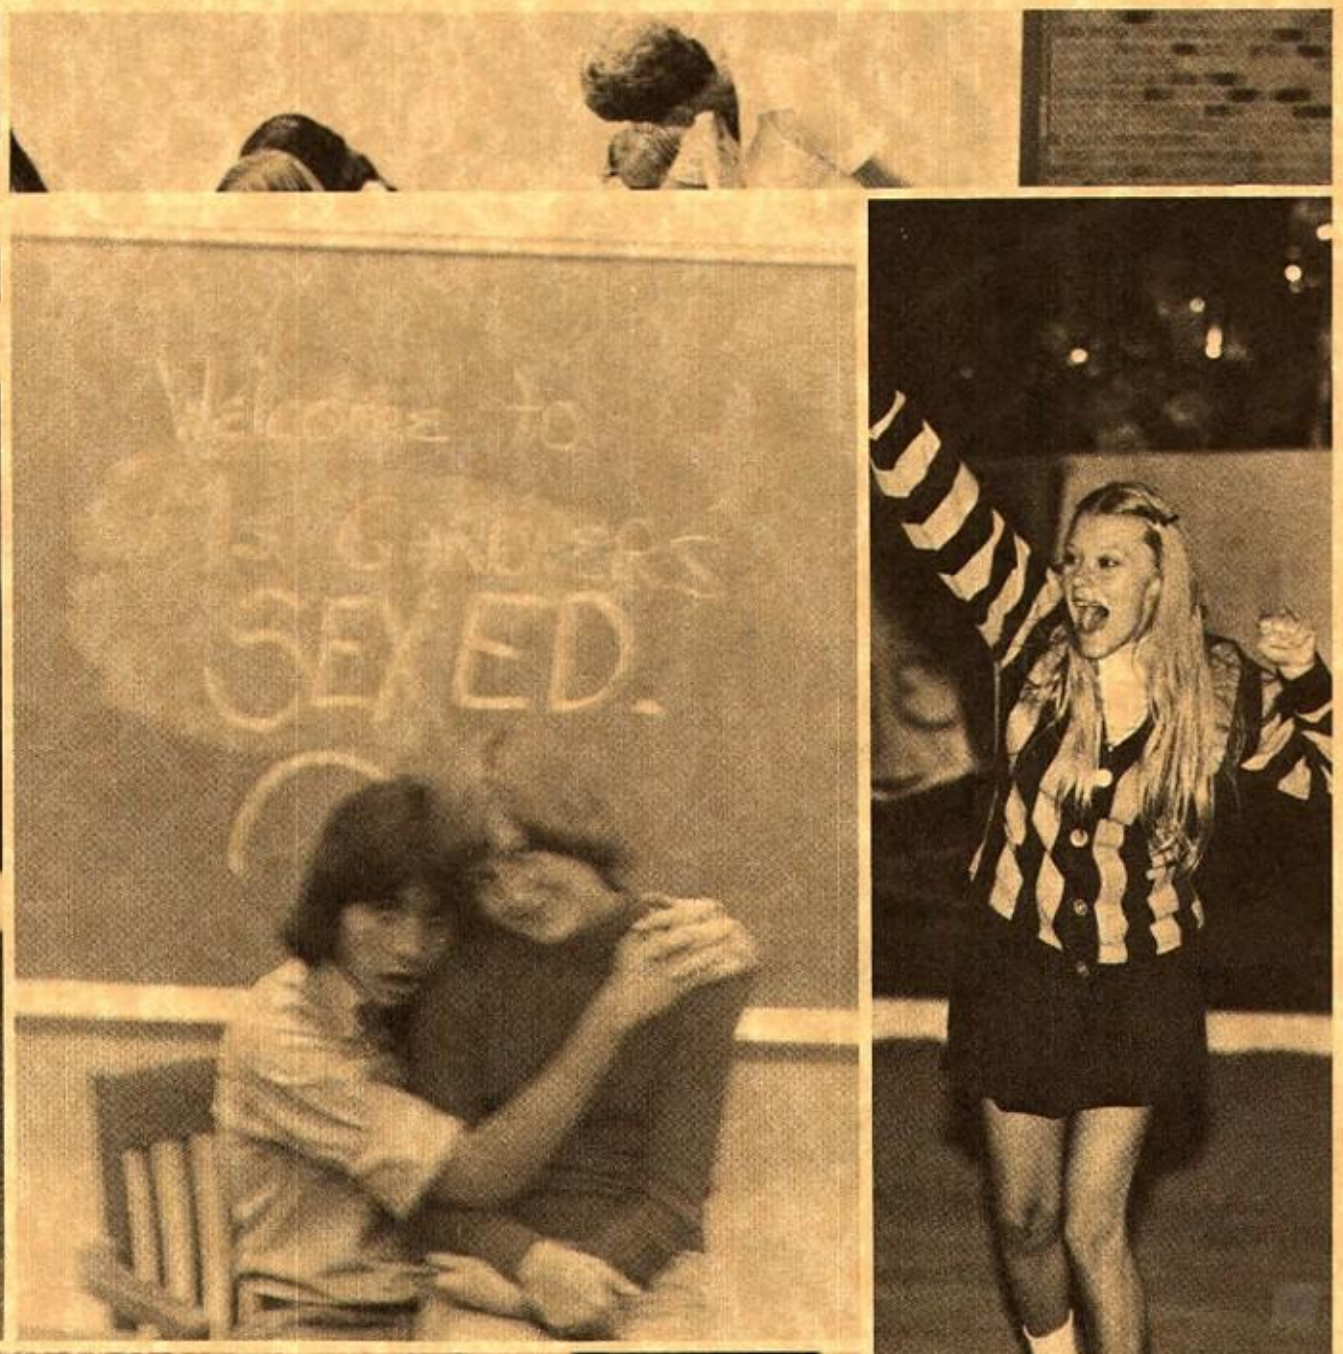
Freshman Princess — Kim Copley



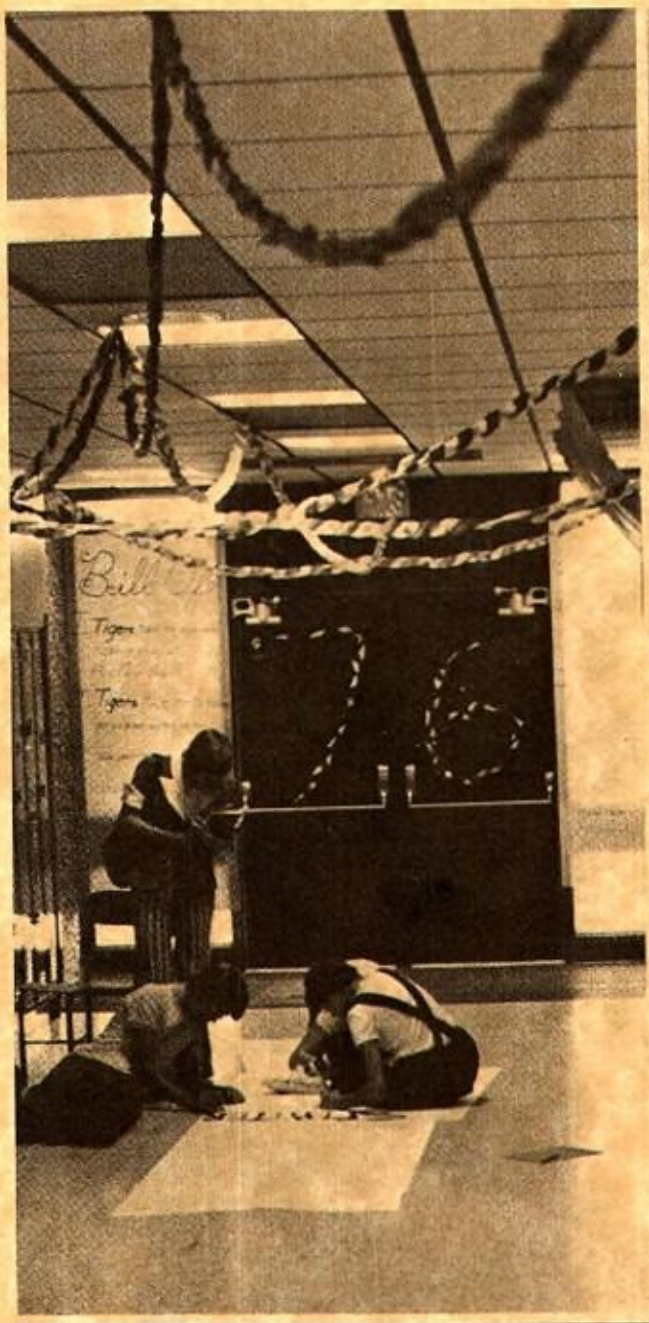
Just what exactly is the Bicentennial? What makes it so super special? "Spirit of 76"- is it just a phrase taken out of magazines for the yearbook staff to have a theme? We don't think so! We are special-we are starting the new second 200 years of freedom while celebrating the last two. We want to help you Remember .... Remember 1976!

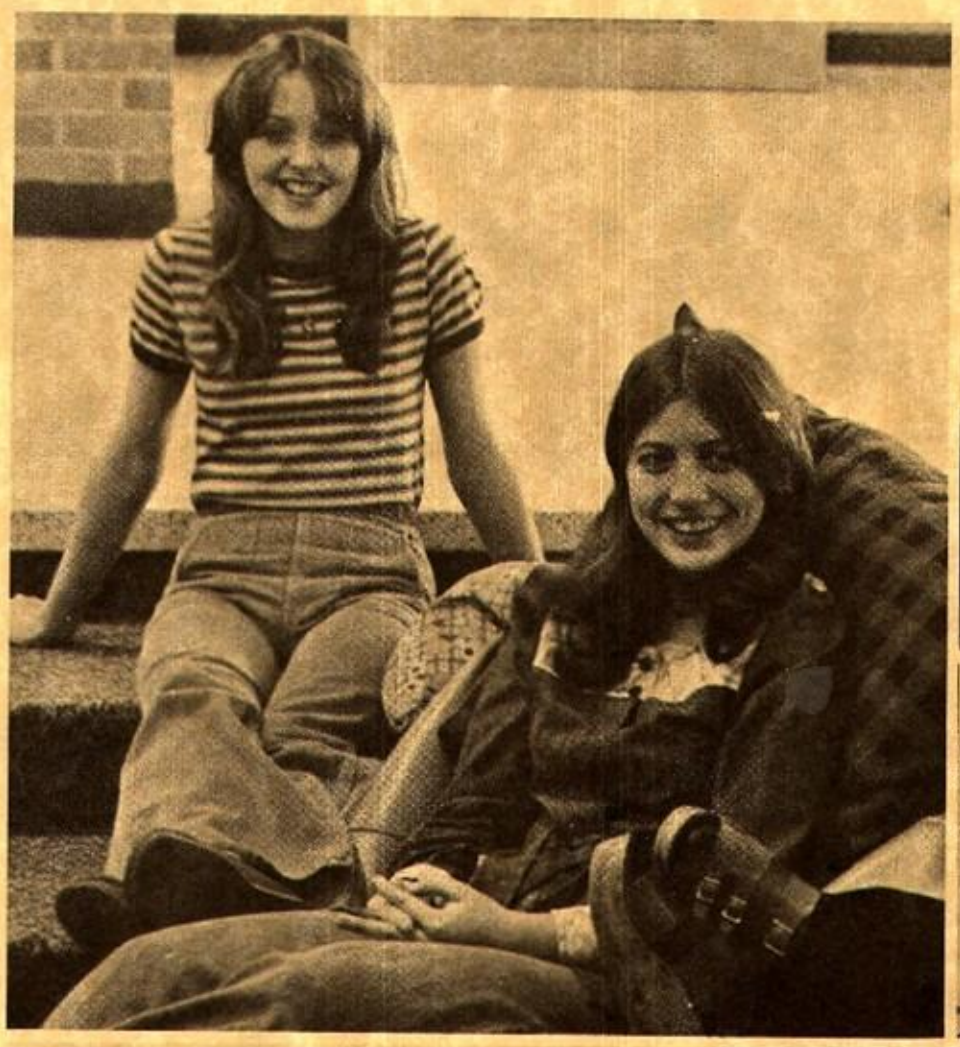
Saw that someone had written on the school again. Wanted to run and find them--to tell them about all the great things at Guymon High School that they are missing out on--things like bonfires--Tiger Pride --jokers in class making even the teachers crack a smile--political discussions over the lunch table--decorating the Commons Area--planning the dances--just all the little things that makes a student really a part of G. H. S. It's not smoking in the bathroom and Chicano Power--it's not who can yell the loudest--the teacher or the kid--it's working together--growing up--someone's ideas were all wrong.



The Spirit of '76 has made many memories during this fantastic year. Close your eyes and relive them with the El Tigre. Remember when King and Queen Flame were announced? The Student Council Christmas--when everything was back to the basics. What fun to string popcorn and cranberries! All the dances! Get-aquainted, Christmas, and Valentine's Day! Remember when the Senior Citizen Club agreed to come and join in on our Thanksgiving Assembly? What Tiger Pride was shown then! All the day-to-day things that make being a Guymon Tiger worthwhile are here--if you look. The self-pride, the fight for a school honor--whether in band, choir, athletics, debate------we all had a part in making Guymon High the school it is. What part did you give? Would you want it shown in your school yearbook?

What's the big deal about high school anyway? Just alot of soapbox speeches, harrassing comments from teachers, gray hairs from worrying about grades, overdue homework, club committees worries. Well, not exactly. Remember what General Washington had to start out with? A portion of land called America. In 200 years America has thrived because of Americans. What do we have to start out with? A building called Guymon High School. What comes after that--what can we do?



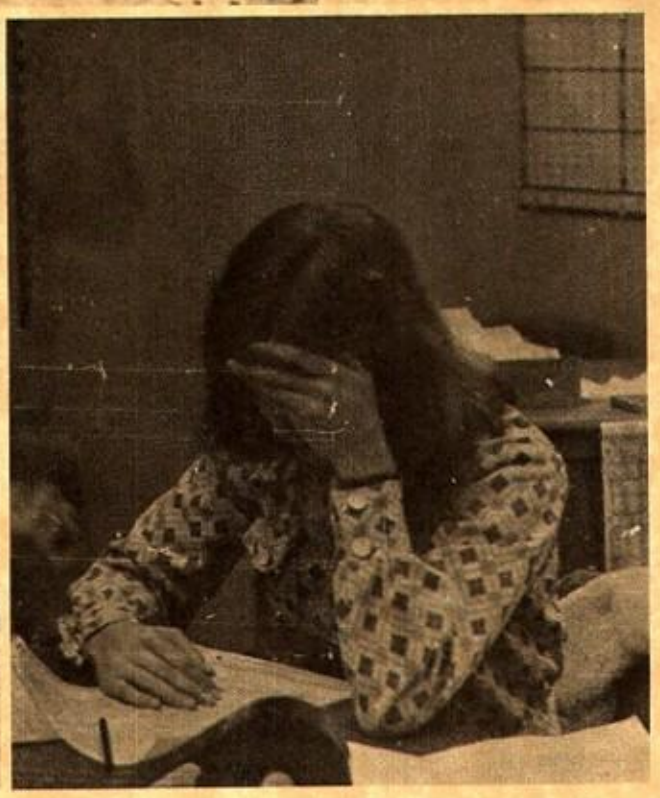


What Is A Sophomore?

Look at the headline. Think for a minute. Look again. What IS a sophomore? Do you really need to experience that dreaded year? The year when all the bad things seem to happen--Mr. Southwick's biology class ("Those stupid sophomores--they're a bunch of lunkheads")--not feeling accepted--scared to speak out-feelings, as well as physical parts of your body, stepped on. It gradually improves, though. This is a year of growing, learning, accepting, maturing, laughing, giving, loving. A year for experience--sophomores.

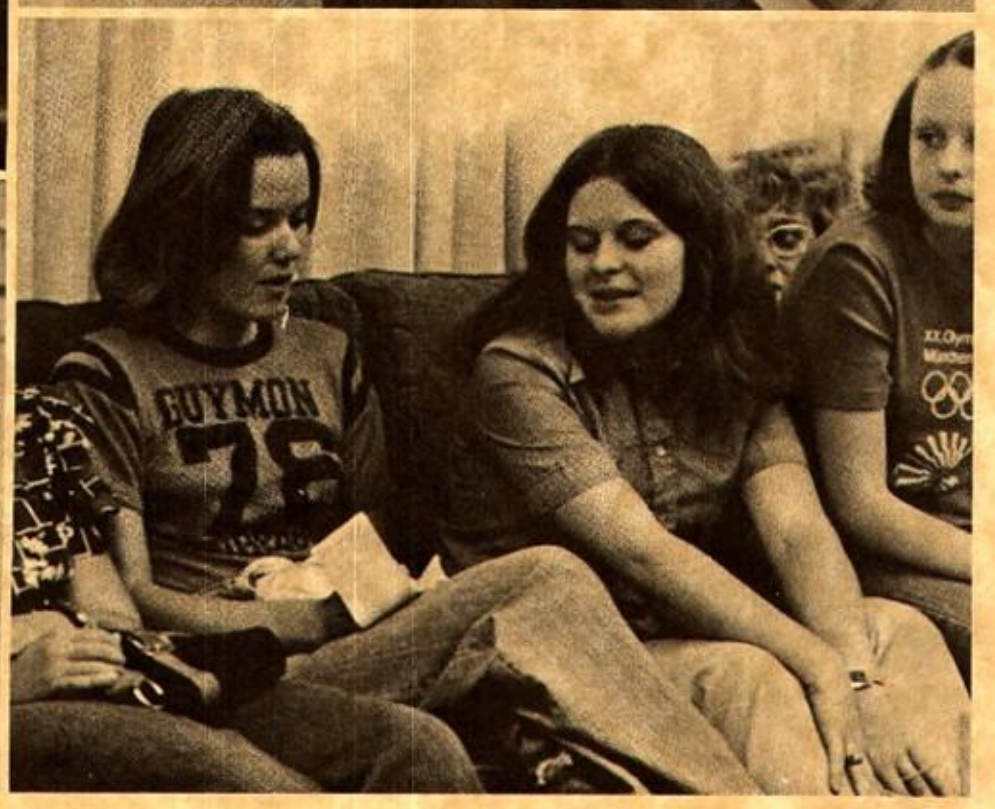
What Makes A Junior?

At last! You're away from the drudgery of being a bumbleheaded sophomore--only one year away from freedom! So what's so great about being a junior? Fun Festival time--junior-senior prom--Mr. Phillips' comments (In one more year--you'll be great. ")--growing together--learning together--talking together--realizing life is today--live it to the fullest! Added responsibility--heavier homework--more headaches--always trying to keep up with time. A year for accepting others and being yourself --juniors.



What Makes A Senior Year Special?

Now it's here! You're a senior--almost ready to step out into the big, bad world. Why is being a senior so extraordinarily special? It's a year for reminiscing--acting silly because at last you realize that growing older doesn't mean you're too old for fun--really loving someone--experiencing regret, for perhaps the first time, at leaving memories, friends, classmates, school. It's a time for filling out scholarships applications--deciding on a career, college, husband, wife, future. You're the leader now--the hot shot--all the responsibilities of good ol' G.H.S. lay mainly on your shoulders. A year for loving--feeling--living--seniors.



Take A Pinch Each Of Sophomore, Junior, And Senior — Mix Well — Presto!! You Have A High School!

And now--we tie it all together. Experience--acceptance-self-pride-love-feelings-life. Sophomores-Juniors-Seniors. Add continuing responsibility-faith-hope-trust. Throw in a generous handful of authority---teachers-counselors-administrators. Mix well with good times-hard knocks-tears-smiles-laughter. You've got a high school. If you leave an ingredient out-you have the refill right in your heart. It's never too late to make high school worth remembering-----1975-1976----a great year!

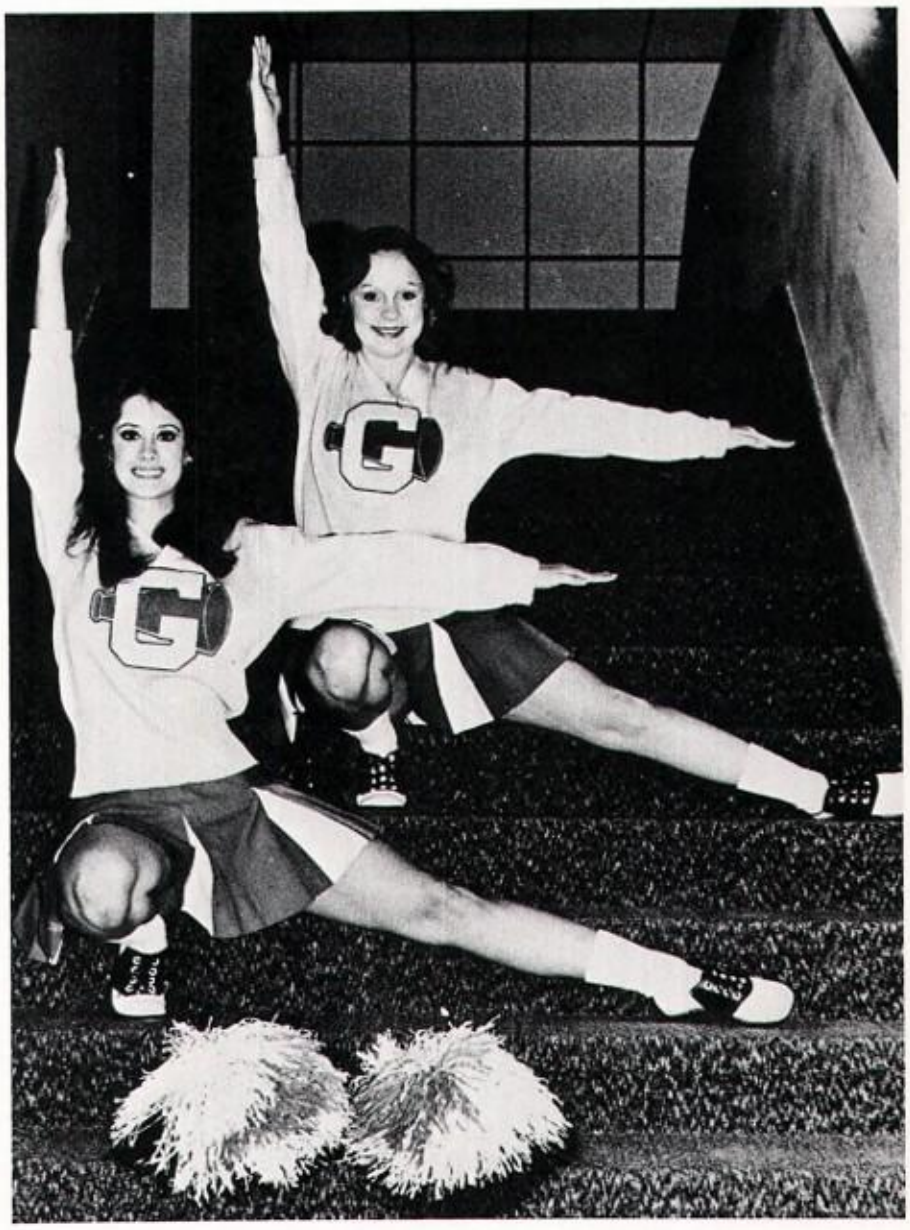
What Is Senior?

Class rings ... diplomas ... Senior week ... the end of the twelve long years ... Senoritis ... the old fight song ... memories ... I suppose that if you rolled all of these things together into a big lump, the end product would look something like your average senior. We're not just another Senior class, we are individuals--friends, enemies, sweethearts, dumb, brainy, blond, brunette, redhead. Like a stained glass window, we are all just fragments of glass, but put together, we are a whole, a beautiful picture. We reach the tumult of high school, and before tumbling over, stop to catch a past glimpse of one very special, memorable year--to relive together--once again--the instances forever engraved in our hearts What did we, as seniors, do? So, let's stop a moment and reflect over the good times and the bad, those bitter-sweet memories that fuse us together into one. We have something to celebrate this year--our Bicentennial! Not just the Nation's birthday, but also the spirit of our freedom that makes what we do just as much a part of history as the crossing of the Delaware. Remembering great moments--that's something to celebrate.....

Debbie
And
Laura

Two bits-Four bits-Six bits-Ready? O. K. ! Jumping ... Yelling ... Shouting ... Exuberance ... Victory ... Defeat ... Long practices. With their peppy voices and pretty faces, our senior cheerleaders are extra-special spirit boosters, giving all of their time and talent to Guymon High. Without a doubt they will long be remembered for their victory cries which will be just as important to our class as Paul Revere's famous cries of warning were to the colonies two hundred years ago. Our football cheerleaders are Debbie Rowden and Laura Williams. Our basketball cheerleaders are Val Newman and Tammy Stewart.



Val

Tammy

Pictured above are the five Stuco Representatives who make their decisiolns with the fearlessness of the Second Continental Congress. They are Billy McKay, Paul Reed, Wendi Reames, Mary Beth Cole, and Kim Mathis.

Below are the Senior All A's. They know that these grades will help them leave their mark on this school.

Celebrate!

Welcome the newcomers! These people make our school year a success and add much to the atmosphere of spirit.

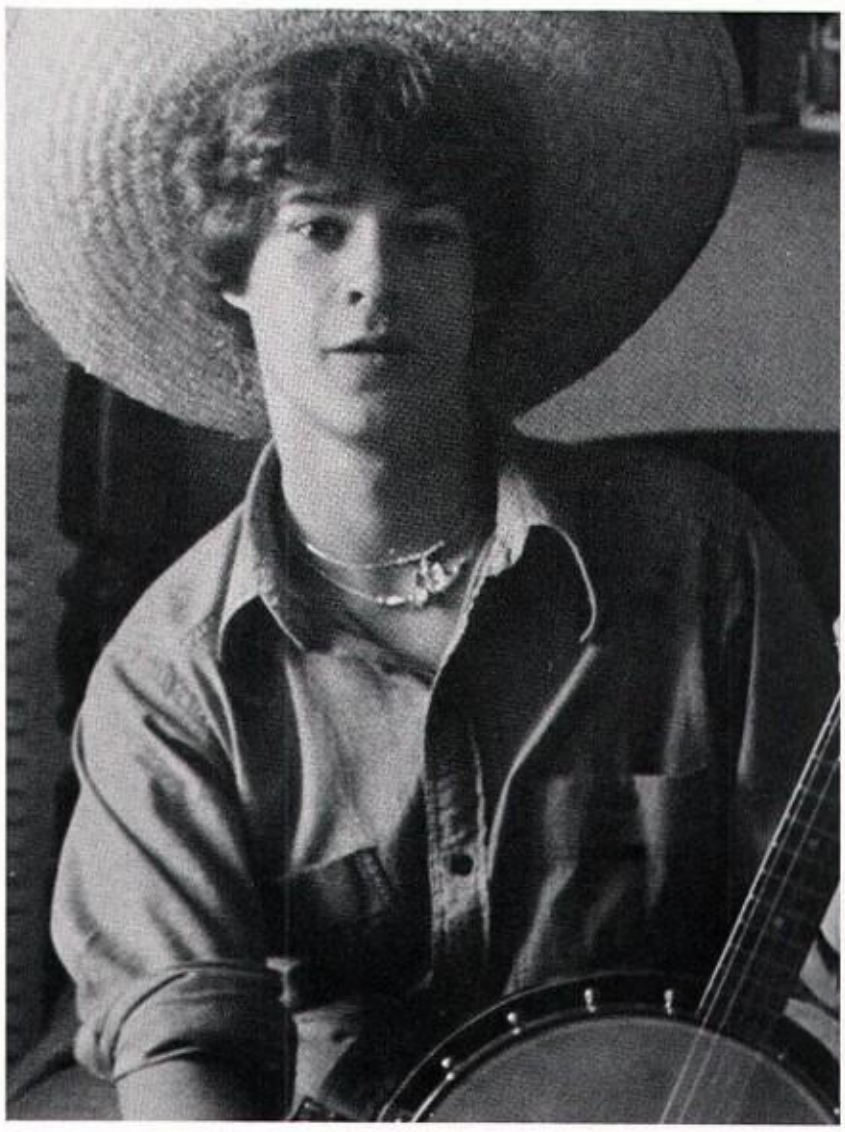
How often we would like to be able to make all A's the first nine weeks! Most of us would enjoy making them ONCE in our life-times. These lucky sophomores did it. They are: Bryan Phillips, Cindy Hatfield, Cindee Southwick, Angela Lynch, Claudette Frittz, and Homer Long.

Sophomore Class Favorites Are

Debra

Debra Hopkins is an active person in G.H.S., and her outstanding personality led her to be chosen class favorite for the fourth year. She was busy throughout junior high, and her high school activities included French Club, Pep Club, and Basketball Cheerleader.

And



Derek

Derek Gibson is someone who is well-known in the Class of '78. Besides being active in Choir, Band, and Stage Band, Derek plays in a special band, MYTH. He has a unique talent of being able to make people smile. This led him to be chosen class favorite for the third year.

What Gives You The Greatest Sense Of Accomplishment?

.....when the kids come back years later and say that they've made some use of what they've learned....
....the joy of working with kids....
....when my young people go out and excel at the things they worked day and night to achieve; its kinda like having Christmas twenty-five times a year....
....when one of my students comes up to me and says, "I really did this at home and it was great"....
.....when one student is excelling at whatever he or she is trying to do with their lives and to be a success.....
....to win a basketball game....
....to help a student to get his grades....
....to see a student succeed, not necessary in the monetary sense, and to make a happy life for himself....
....when someone understands what I've been trying to say to them for the last twenty minutes, and all of a sudden, it dawns on them, and you can really tell that they got it....
....my greatest sense of accomplishment comes from seeing one of my students accomplish something, also I like the light, the twinkle in an eye that I see when they understand something....
....to see that people have actually learned something, to really be able to see that they have grasped some of the things that I have presented, and I can often see that in their grades....

What Is Your Philosophy Of Teaching?

VERA DAVIS
Office

.... I try to think that each student is different and I try to treat each as an individual ....
..... basically to prepare the young for the field of work and to instill in the young person that this idea of work is important and that he should make himself beneficial to the world of tomorrow ....
.... it is important to me, as an librarian, to be helpful to the kids in some way .....
..... I feel that people usually live up to what you expect them to be. If you expect them to be top-notch individuals, usually they are ....
..... I believe there is something special in each individual and I try, or would like to think that I try, to help them develop their talents and skills .....
..... I want to teach young people to learn to accept responsibility and to know what it is like to think for themselves in whatever situation that arises in this world when they won't have parents and teachers to rely on .....
.... to help students as much as possible to learn as much as possible ....
.... I think that just to know that you are contributing something to the world and trying to better the life of some student ....
.... to try, but it is a pretty big burden, to make a student aware of his potential, to see where they can go, to make them realize that they are learning something, and that they are having fun, and to use what they have learned in the rest of their life ....
.... a person needs to look at each student as an individual and to work with them from where they are. Each has to be treated as an individual and individual differences have to be taken into consideration. I think that students should work to capacity, but I find that those students who are willing to work hard are the ones who are with many things and those people who are not willing to work at their classwork aren't willing to work at anything else either ....
.... my purpose is to get people to think and to reason, because not enough people in this world do that ....

...I was born when the bell rang and the school got out for recess at two thirty, and I've been going by the bell ever since....
.....Ever since my Senior year in high school, this is what I've wanted to be. I've thought about building as an occupation, but I've never fully pursued it.....
.....I liked kids, and this is compatible with my husband's profession and my kids.....
.....I became a teacher because I enjoy working with kids. I wouldn't trade my job for a chair in the White House and I firmly believe that the young people of today are the finest group I've ever worked with....
they (the students) are a great inspiration to me and I wouldn't be anything else.....
....I wanted to help young people to learn to think.....
.....I felt inspired, I felt that there were people that needed direction and that maybe I could contribute something. I think there are a few times when every teacher feels discouraged and wonders if what he is doing really has any effect.....
.....I always enjoyed learning, so I thought I would enjoy teaching, and maybe I would continue to learn. I also enjoy students because they're different, and it makes life more interesting than having the same people in an office every day. I've had a choice, but I'd still be a teacher.....
.....because I didn't know there were any other things to do. Lack of information caused me to be a teacher, but I continued to like teaching after I knew what it was about.....
.....I guess because I think I have something to offer, but right now I'm doubtful.....
.....I'd sure be a teacher. I tried working in an office. I was office manager and secretary, but I missed the kids.....

And Now, Introducing Those Ever Lovable, Witty, Charming, Multi-Talented Members Of Guymon High School — The Teachers!

On this and the next few pages, we would like to shine a light on an old subject and to present it in a new way- Teachers. Yeah, teachers! They're not boring but have lots of ideas about what they do and what they would like to do. Through personal interviews, we found out quite a bit about this hitherto silent minority, and we would like to share their answers with you. We hope that you enjoy reading them as much as we enjoyed interviewing them.

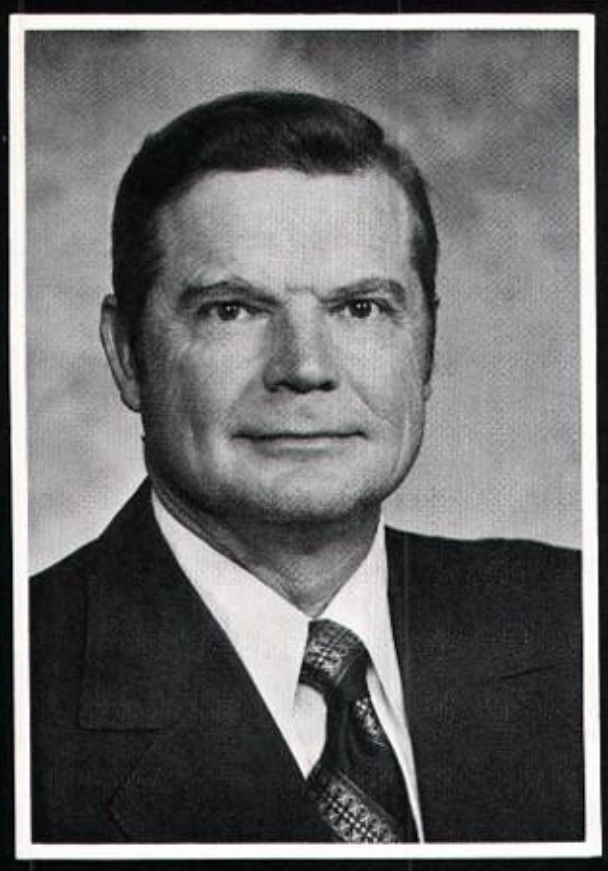
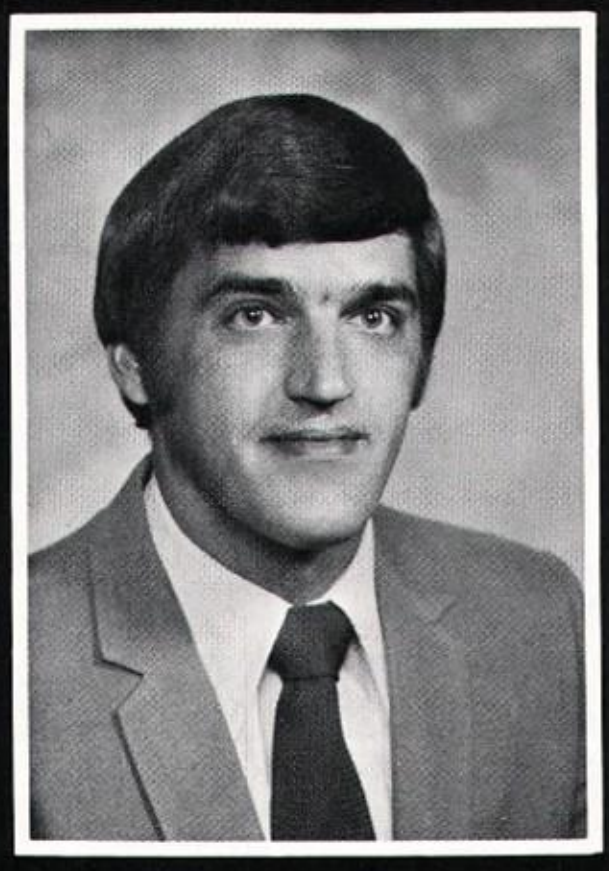
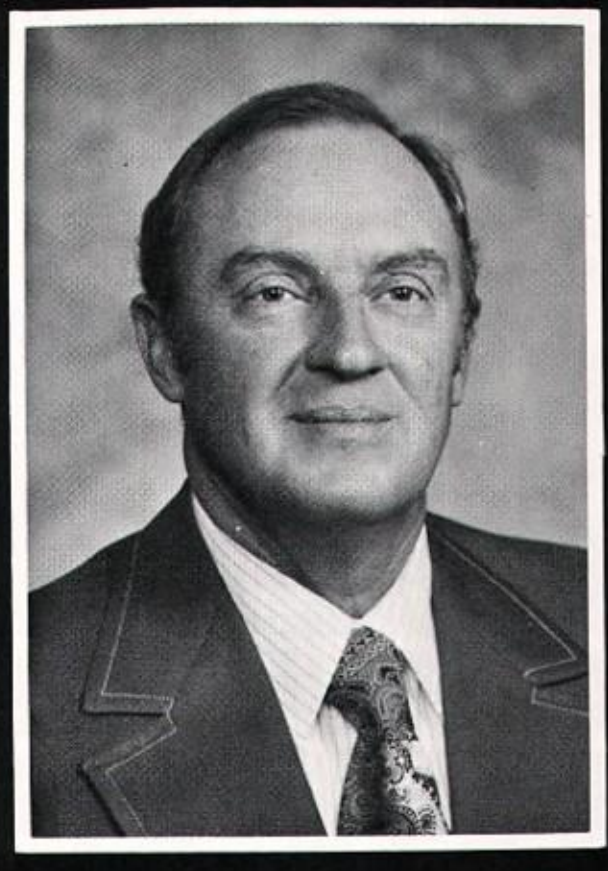
'76 Administrators Lead Our Spirit

Responsibility...Spirit...Student support...Tiger Pride...confrontation...more than just an eight to three job...weary. Our school leaders prove that their leadership encompasses all aspects of student life. They stay behind us one hundred and ten percent. They discipline but also listen. Mr. Eugene Keith is the Superintendent of Schools, Mr. Larry White is the High School Principal, Mr. Dean Kear is the Assistant High School Principal, Mr. Clayton Goff is the Curriculum Coordinator, Mr. Monte Wolgamott is the Junior High School Principal, and Mrs. Leonene Gribble is the Assistant Junior High School Principal.







School Board Forges Ahead With New Ideas

Decisions... Authority... Dedication... These members of the school board constantly work to make our school Number One. Their leadership inspires us in many ways. P. R. "Dick" Jackson is the president. Other members are: Wiley Campbell, Kenneth Faris, E. R. Kimsey, and Douglas Booth. The secretary of the School Board is Margie Lane, and Bill Houser is the treasurer.

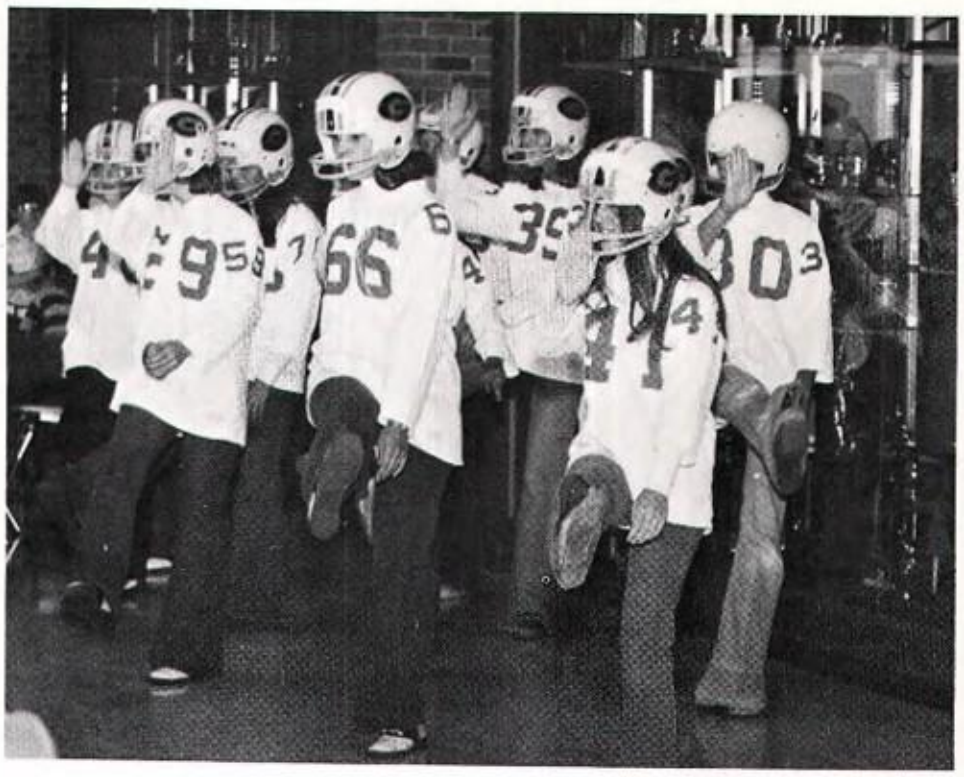
INSTANT REPLAY



Homecoming Week '75 brought a tangible aroma of excitement into the halls of G.H.S. Such memories . . . Carol, Charmis, Dee-Ann, Val, Mary Ann--who would it be? Brightly colored halls proclaiming TIGER PRIDE, shoe-polished cars, pride-infested town dinner followed by downtown parade, a bonfire, with spirit led by cheerleaders, everyone happy, anticipating a big victory. Mary Ann crowned! All led to a forceful victory over Alva!

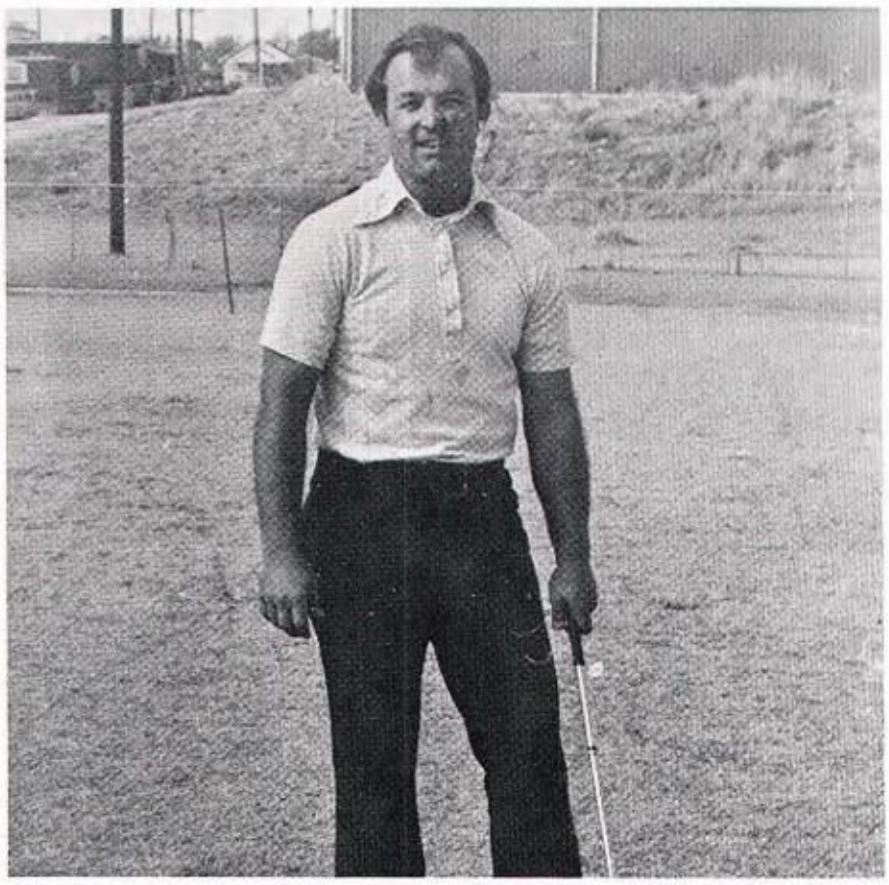
FRONT ROW: Mike Ramirez, Larry Chancellor, Chuck Alexander, Dale Kimsey, Billy Young, and Bryan Wooldridge. BACK ROW: Eddie Ramirez, Jeff Fuerstenau, Derek Gibson, Lynn Fuerstenau, K.C. Rothschopf, Greg Hamilton, and Coach Hart.



Coach Hart looks just as at home with a golf club as he does with a football. He gives our Tiger Golf Team the initiative to win.

These three guys are the "swinging" first-year letterman. Jeff Fuerstenau, Greg Hamilton, and Bryan Wooldridge all have that extra drive that assures them of trophies.

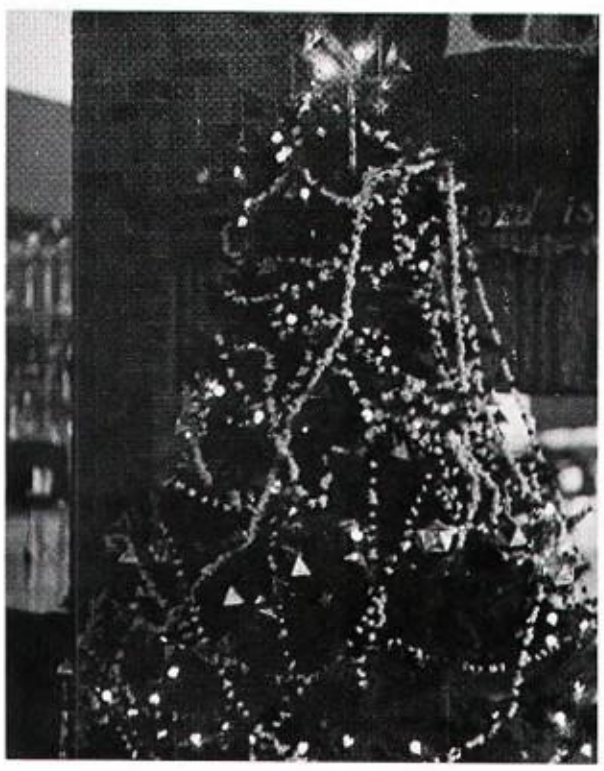
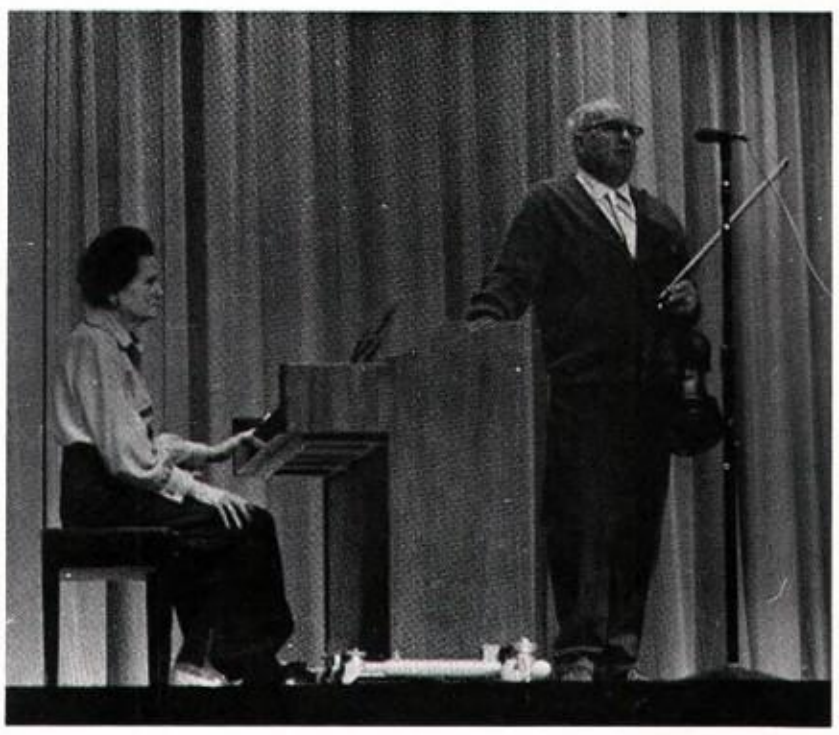
SCHOOL LIFE

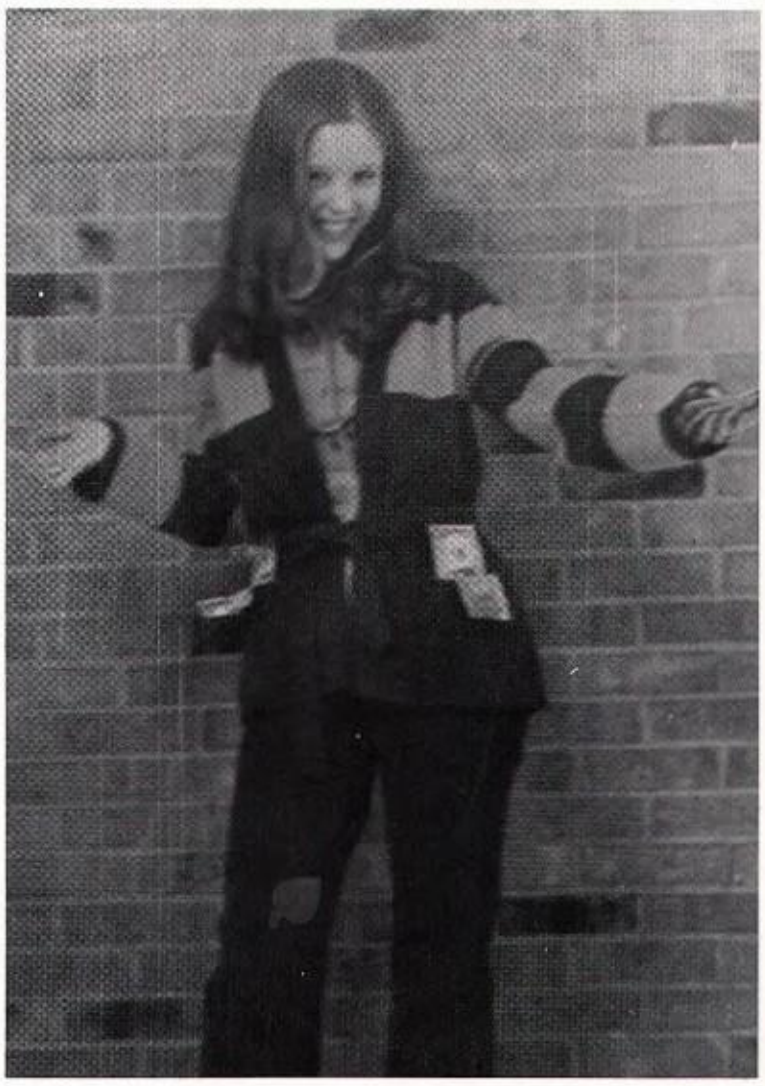
"You... You're the one"...leadership... school spirit...government...dances... films...fun...7:30 a.m...arguments...decisions...Student Council is more than just a small handful of people elected at the beginning of the year: it is more than a Wednesday morning rap session, a dance committee or a club. This small handful realizes the importance of constructive student participation and works hard to improve student life for all students. A few of Student Council's activities this year included special assemblies, films, the juke box, and dances. Student Council is for the students, and they are constantly working for you.

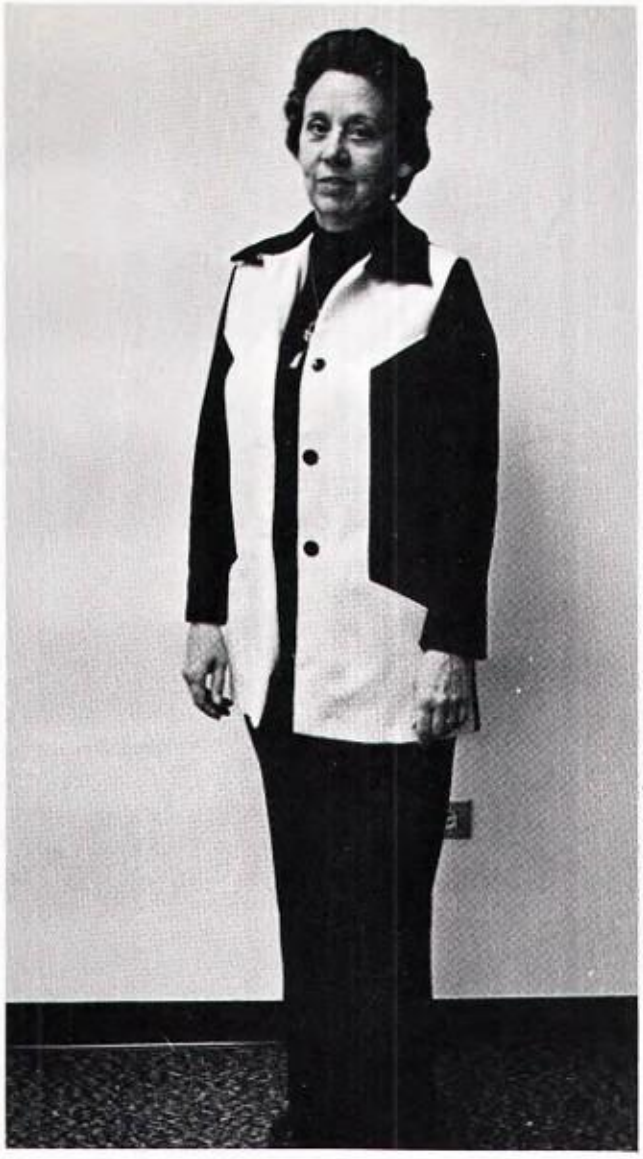
Student Council Has Revolutionary Spirit!





Fantastic, incredible, bursting with energy, never stops talking, always on the go for G.H.S. This effervescent group is responsible for all the great dances, variety shows, the Christmas tree and decorations, the coke and candy machines, and the latest addition--the juke box. This vivacious group is the student council, and they are led by their fearless leaders. They are: president, Jeanette Barnum; vice-president, Grace Russell; secretary, Cindy Shaffer; co-treasurers, Teresa Patterson and K.C. Rothschopf.

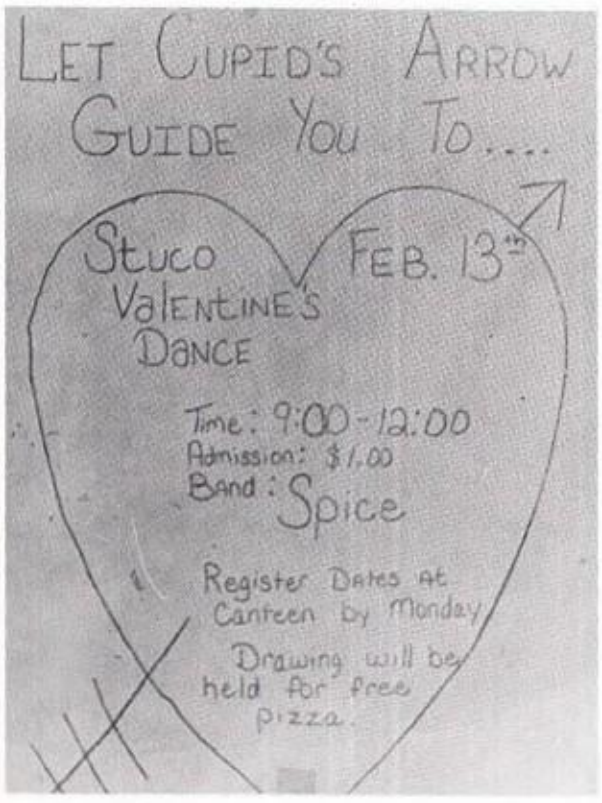




Who Needs Stuco Sponsors?

When in the course of student events it becomes necessary for the Student Council to call upon the wisdom of our elders, STUCO realizes the importance of good sponsors who supervise, council, advise and do what isn't done by the students. This organization is lucky to have sponsors who have the loyalty of our bicentennial leaders. The sponsors are Mrs. Patricia Lee, Mr. Paul Southwick, and Mr. Eugene Seright.

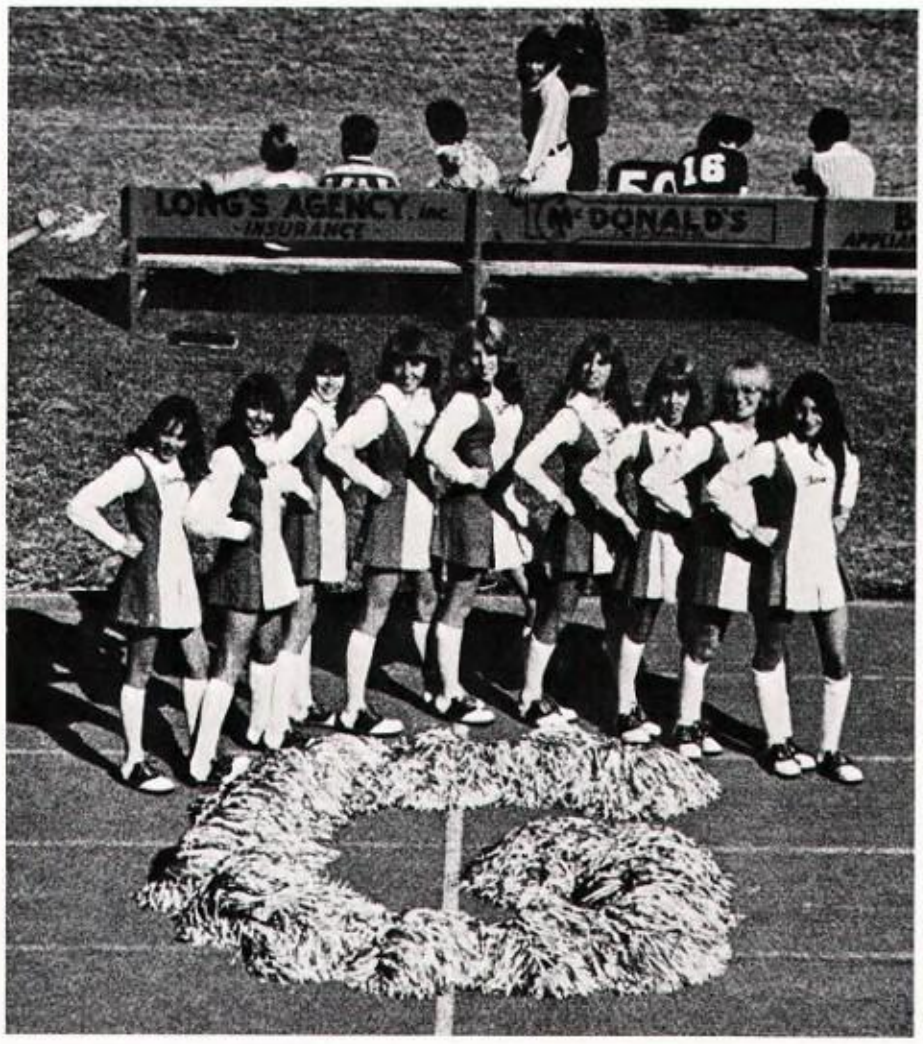
We Do — We Do — We Do!!



Spirit Comes First

To be involved, to be spirited, to be a part of things--these are the things G.H.S. Guymon Gang strived for and achieved. Remenber Homecoming '75--when vitality was so real in the halls? --when Tiger Pride was exhibited with real vigor?--Decorating the halls and lockers for band, choir, debate, football, basketball, track, golf--King and Queen Flame, leading the boys in, following the band in, skits for pep assembly--selling ribbons and buttons, just feeling fine to be caught up in the Spirit of '76 and in the Guymon High School Guymon Gang.

Our football cheerleaders are pictured BOTTOM LEFT. They are: Laura Williams, Janet Fajen, Tami Chandler, Debbie Rowden, Karri Sherrill, and Pam Hamilton. Basketball cheerleaders, pictured ABOVE are: Val Newman, Tammy Stewart, Debbie Hopkins, Tammy Copley, Karen Bennett, and Shelli Martin. The BOTTOM RIGHT picture represents the Jr. High cheerleaders: Kim Lunsford, Tina Loathman, Val Mrofcza, Lindy Culbertson, Kim Copley, Beth Pollart, Gayla Smith, and Tina Byers. These are our spirit leaders. Go Tigers!!

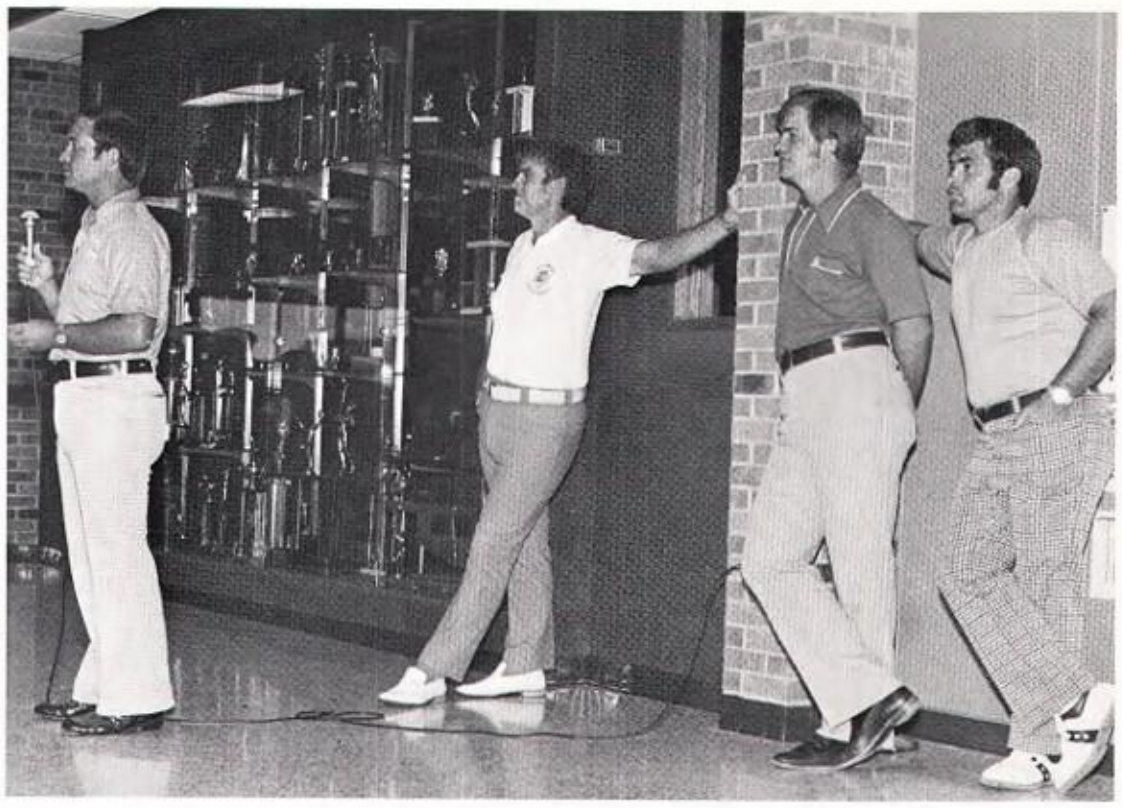


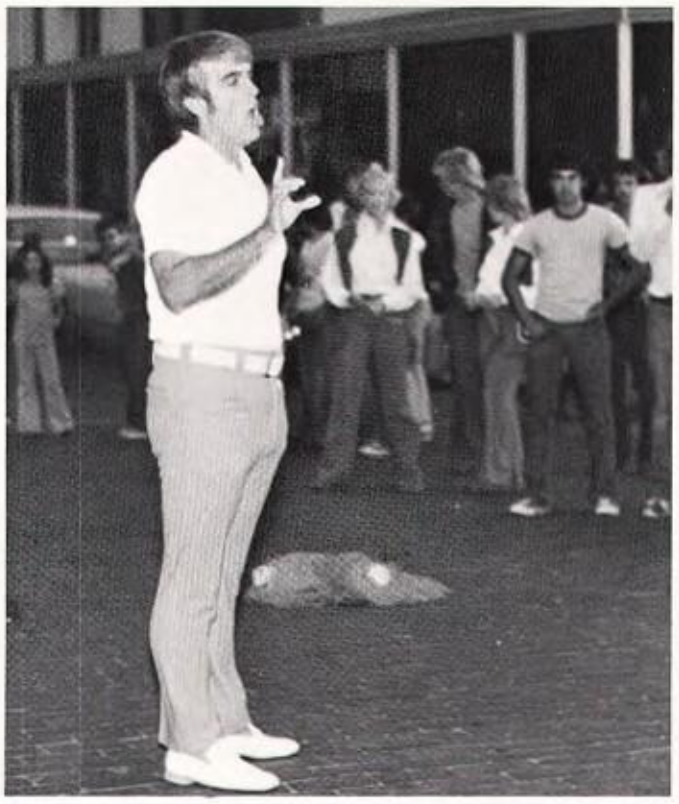
9

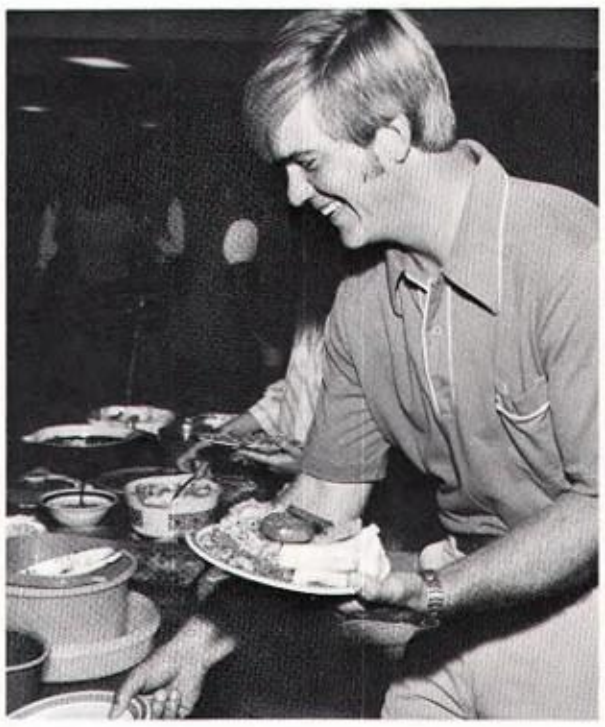
8

7

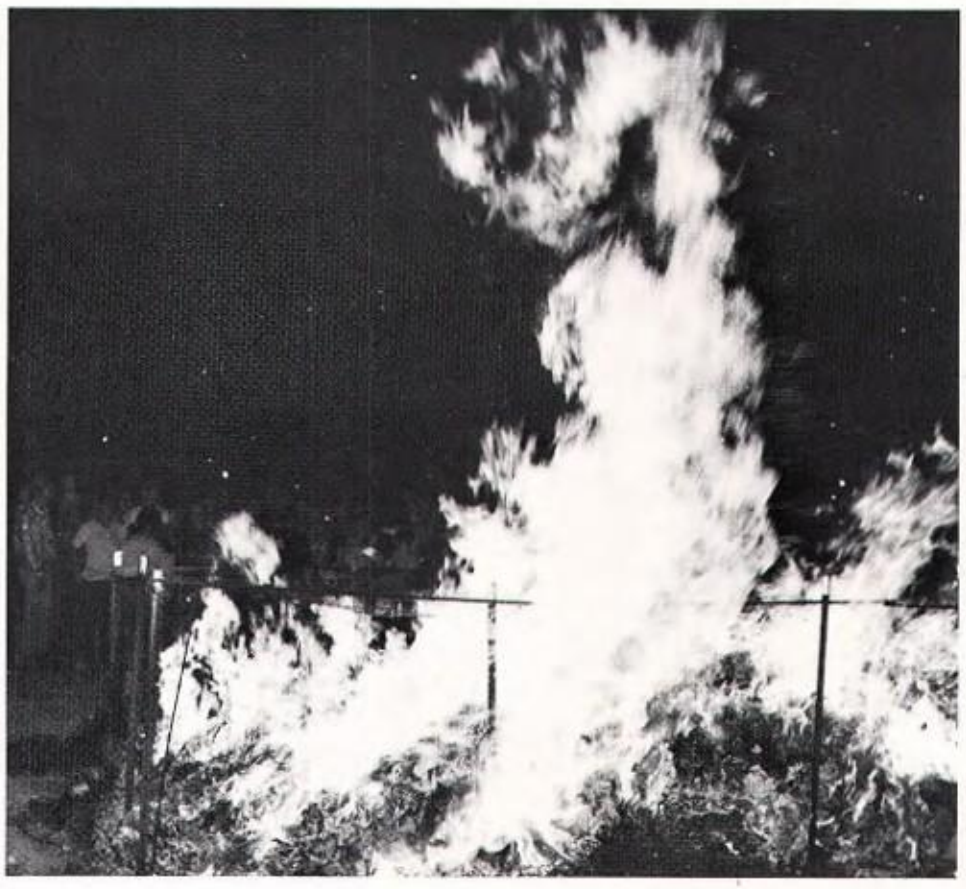
The Jr. High Pep Club is the spirit section of our Jr. High. They can be seen in the halls working to make it look bright and full of pep. Pep Clubbers are a vital part of Jr. High; could you imagine how dull it would be without them? The courageous sponsors are Mrs. Ward, head sponsor; Mrs. Moore, and Mrs. Keaton. This year for the first time Pep Club has been mixed. It's fantastic!!

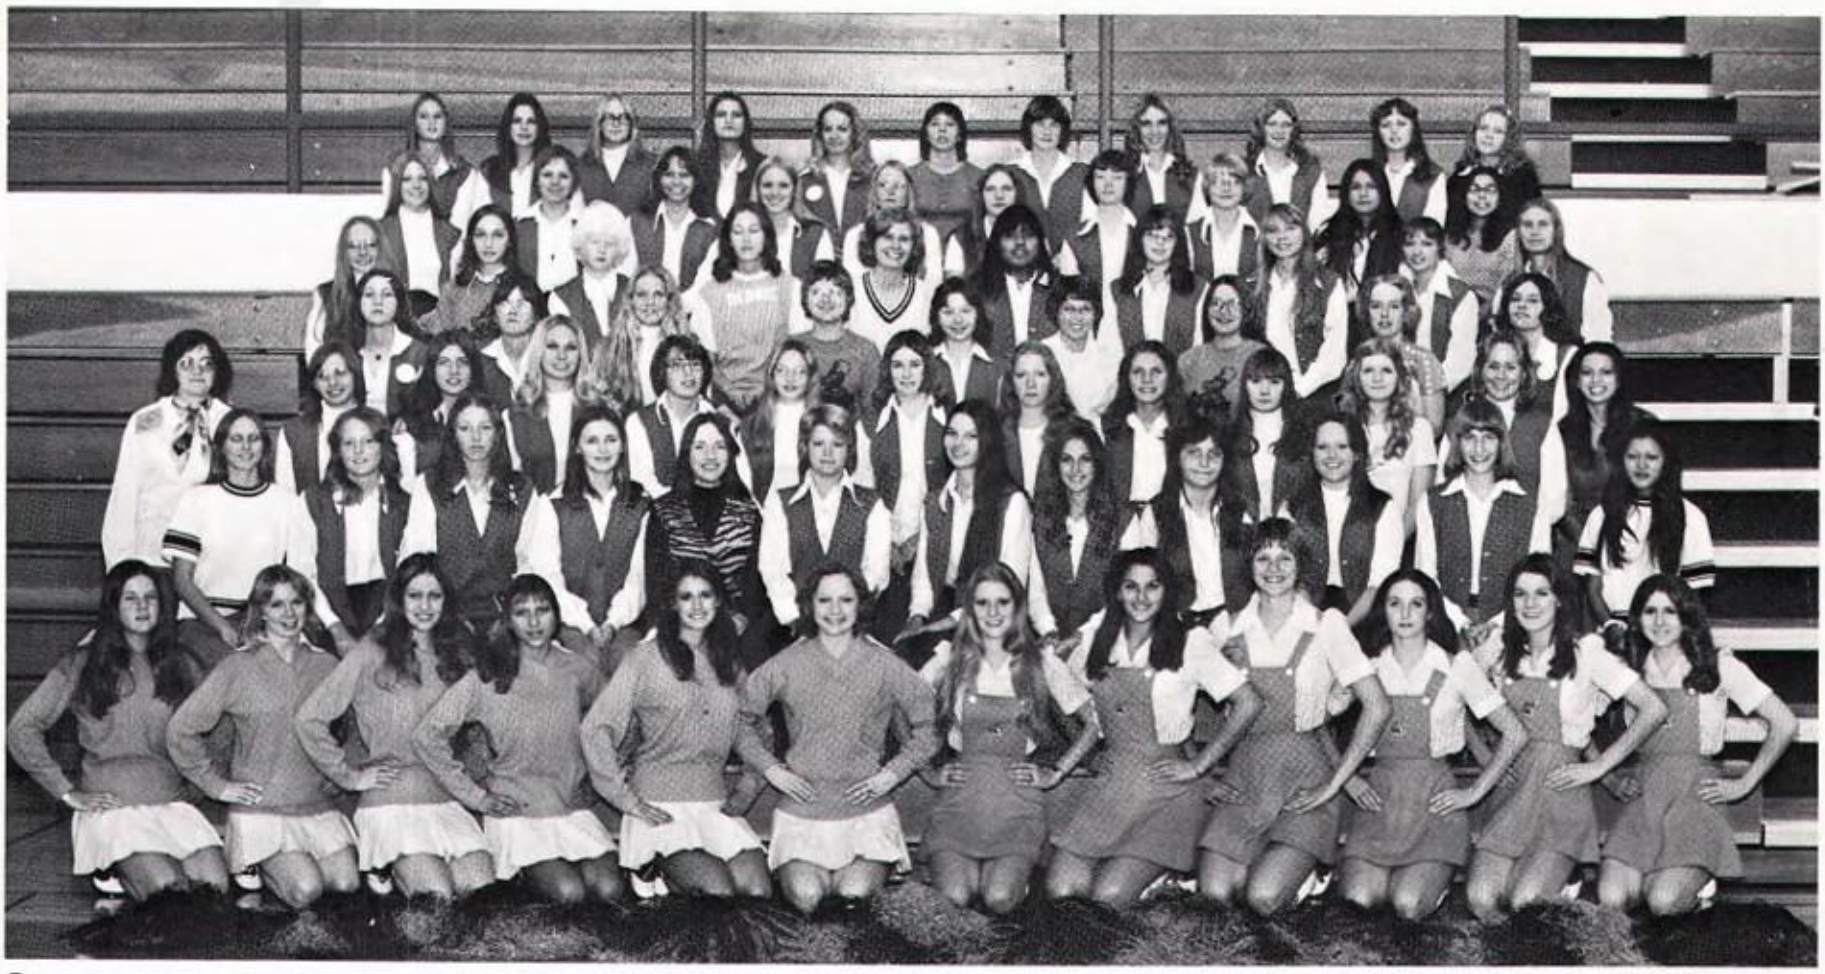






Guymon Gang Activities Gave Us Spirit-Filled Memories





Pictured ABOVE are the members of Guymon Gang. The officers, SECOND ROW, are: Mary Ann Dennis, President; Vicki Bennett, Vice-President; Debi Martindale, Secretary; Shawn Carter, Treasurer; Robin Summers, reporter; Lynette Kauffman, scrapbook; Cheryl Boyd, banquet chairman; Becky Hiniger, ribbon chairman; Natalie Patterson and Kelli Holt, homecoming chairmen; Julia Nelson, hall and locker chairman; Tereasa James, program chairman; Lindy Manning and Linda Garrison, Tiger Mascots; and Teresa Foster, goalpost chairman. The flag bearers are Dee Ann Martindale, Cindy Shaffer, Amy Collins, and Sandra Stone.

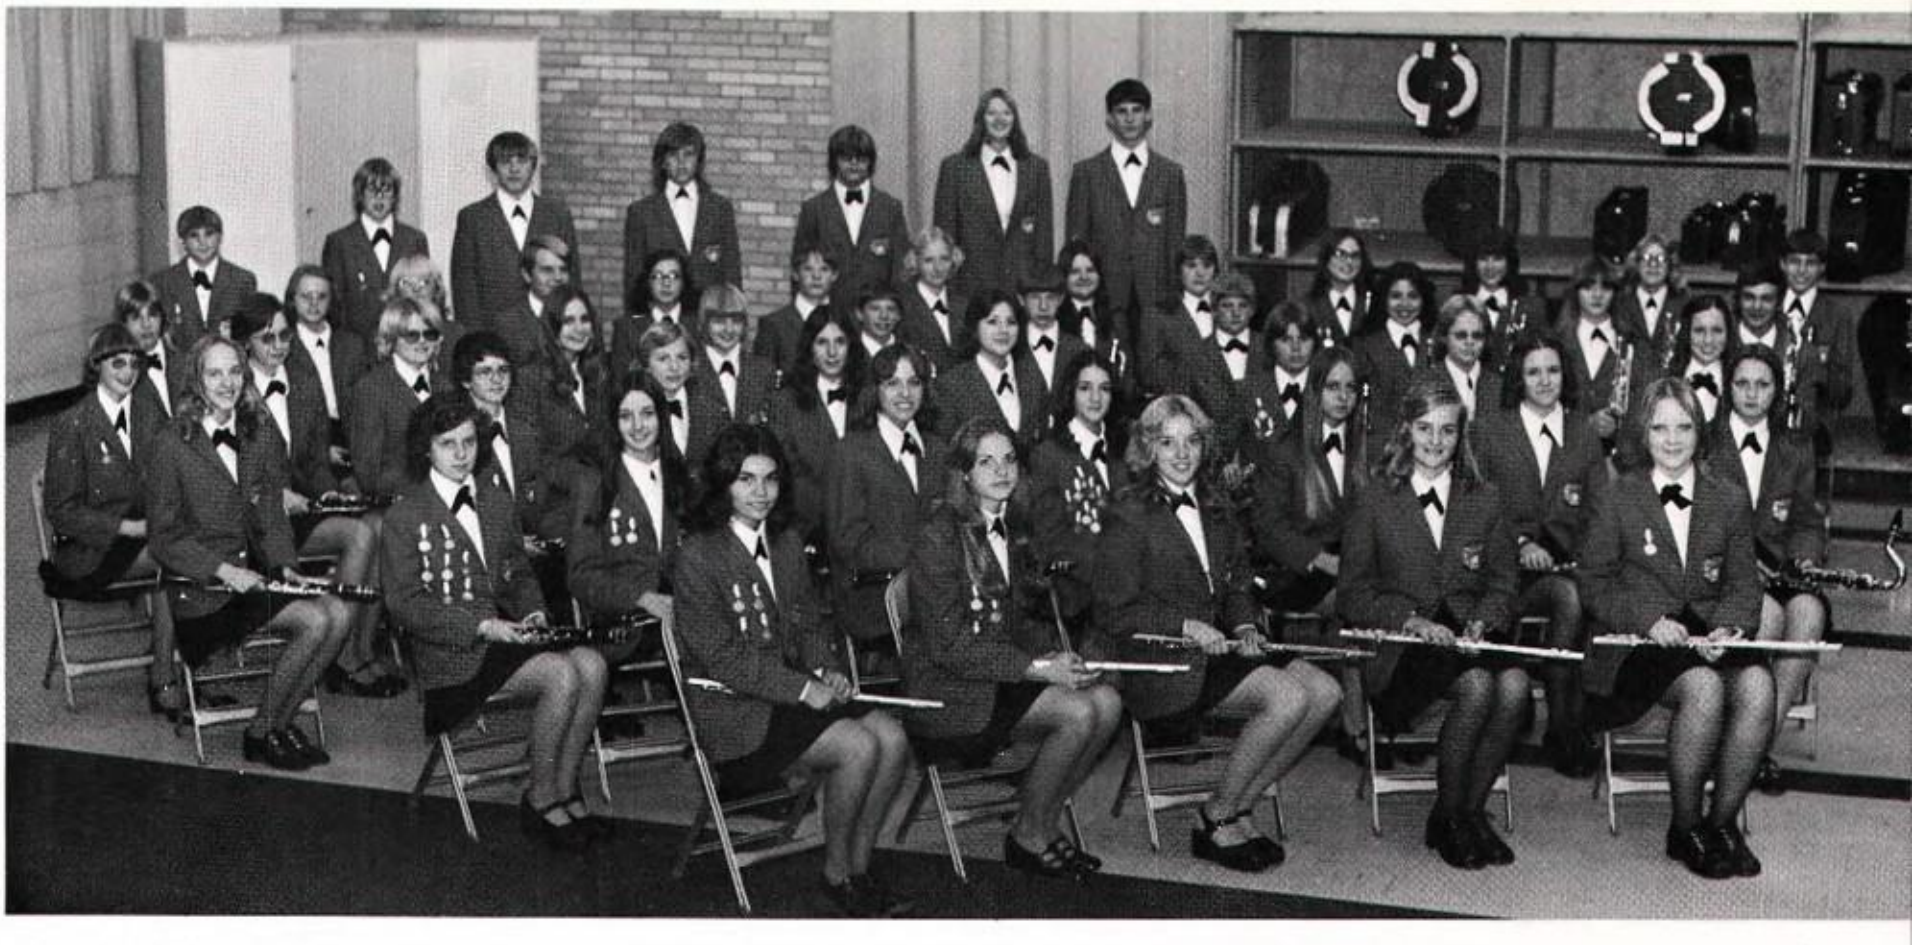
Is Still Alive

What can you say about a band that has consistently been the best at everything they attempt? A band that has been recognized all over the Southwest because of their outstanding ability and talent? This year the band has performed at various concerts, including the Honor's Band Concert at Enid, Oklahoma. The band took a trip to Memphis, Tennessee (with the community's help) and marched in the Cotton Festival there. The officers this year were: Doug Brown--president, Vicki Bennett--vice-president, Donna Kimsey--secretary, and Robert Dennington--treasurer. Those who qualified for All-Region were: Lori Heitschmidt, Tereasa Patterson, Sandy McClung, Jeanette Barnum, Sandra Goff, Vicki Bennett, Patty Gackstatter, Chuck Alexander, Gary Gackstatter, Jerry Mitchell, Doug Brown, and John Hammond. Jeanette Barnum, on flute, qualified for All-State Band. The outstanding Stage Band of Guymon High also has too numerous honors to record. the Guymon Band System, under the direction of Mr. Jerry Toler--High School and Mr. Irvin Miller--Jr. High made many memories for each student that participated in the many events sponsored by this fantastic BAND!



Music —

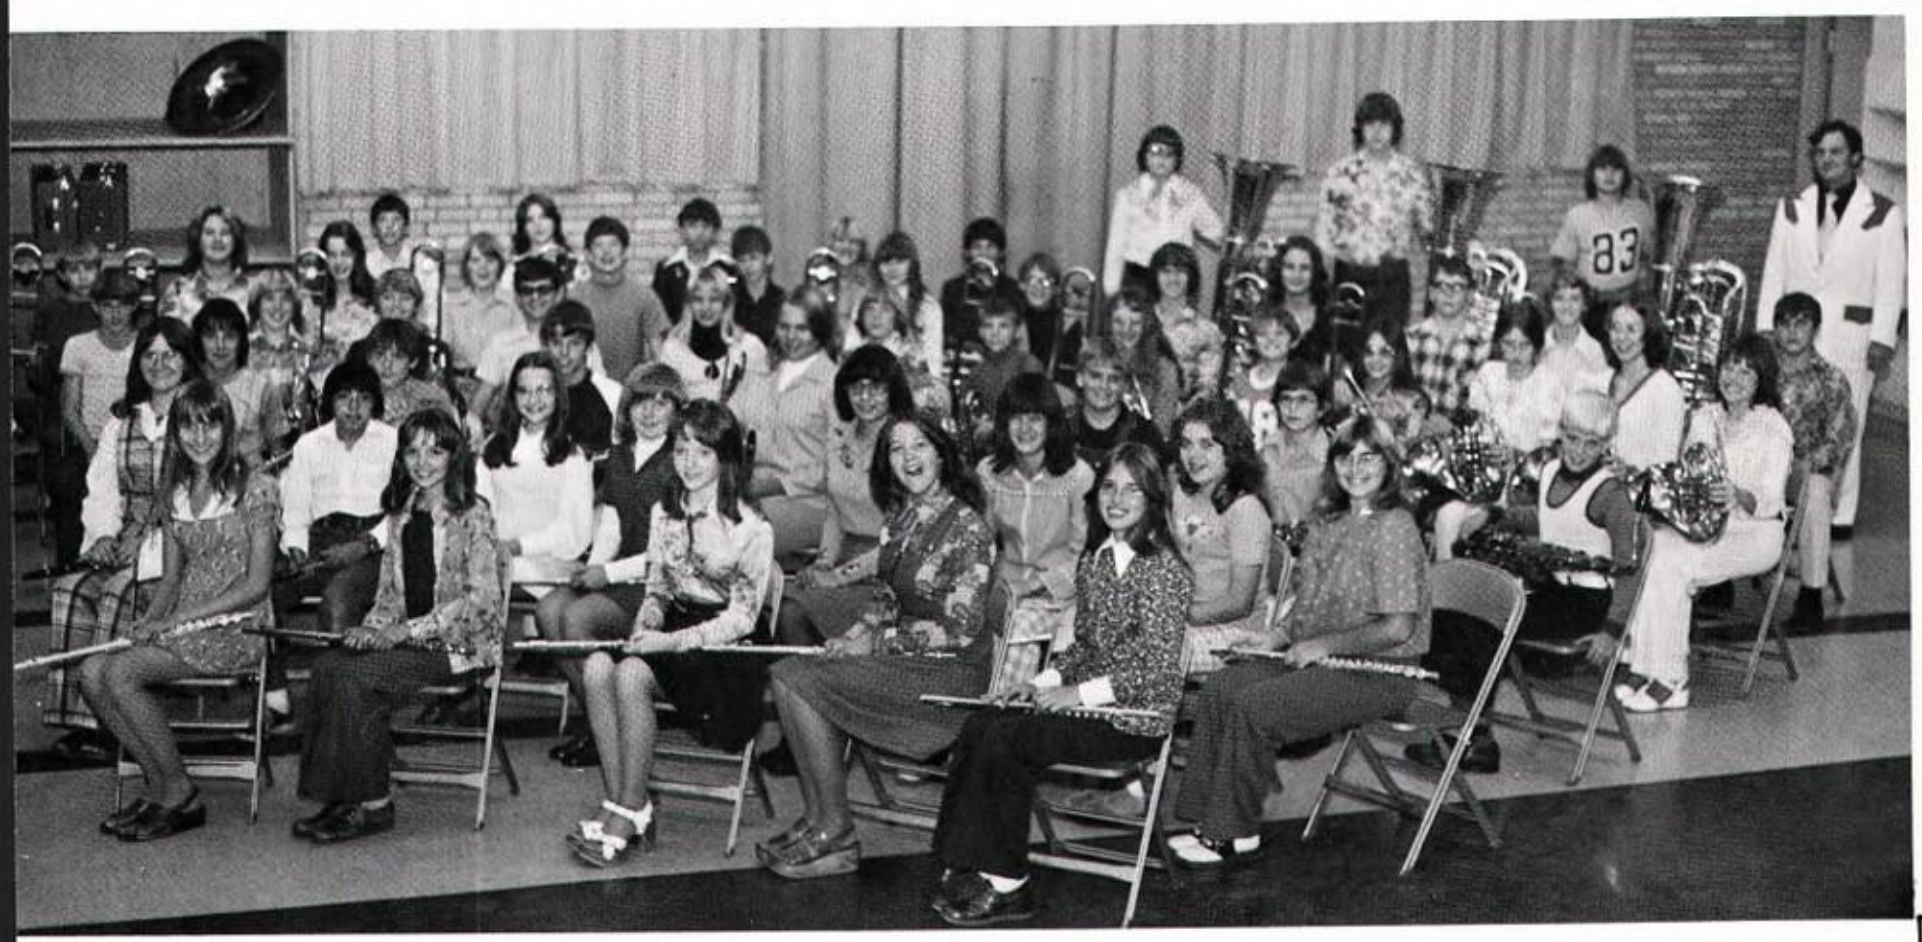
Classical, Contemporary, March,



Organization Reveals

Upholding a tradition is never easy, especially if the tradition is one that the Guymon Junior High Band managed to achieve. But beginning in the sixth grade, a young band player learns that the important thing about band is the music--the ability to produce something of enjoyment that all ages can enjoy. It's the quality of music that even a flute can make. Band is Mr. Miller making you stand up for talking in front of the whole band--just to embarrass you, and boy, it sure does! It is district contest at Goodwell and your first solo or ensemble. This year's twirlers for Concert Band are Kim Lunsford and Stacie Powell. For the Symphonic Band, the twirlers and drum major are Leslie Jackson, Linda Dunkerson, and John Clayton. The officers are LaParsha Modrick, Rodney Pracht, Rolinda Culbertson, and Angela Reid.

Leadership, Talent, And Spirit

High School Choir--busy, busy, busy--getting ready for a musical in the fall of the year--getting ready for District, State and All-state. Choir contest always means hours of work. Here it is spring and the spring concert in March and the announcement of the choir sweetheart! We must not forget Mrs. Davis (Mom) and her indomitable spirit. Carol Black and Donna Caddell pour over all the music as they accompany all the different musical groups.

The three members of the All-state choir from Guymon are: Donna Caddell, Heather Harney and Carol Black.

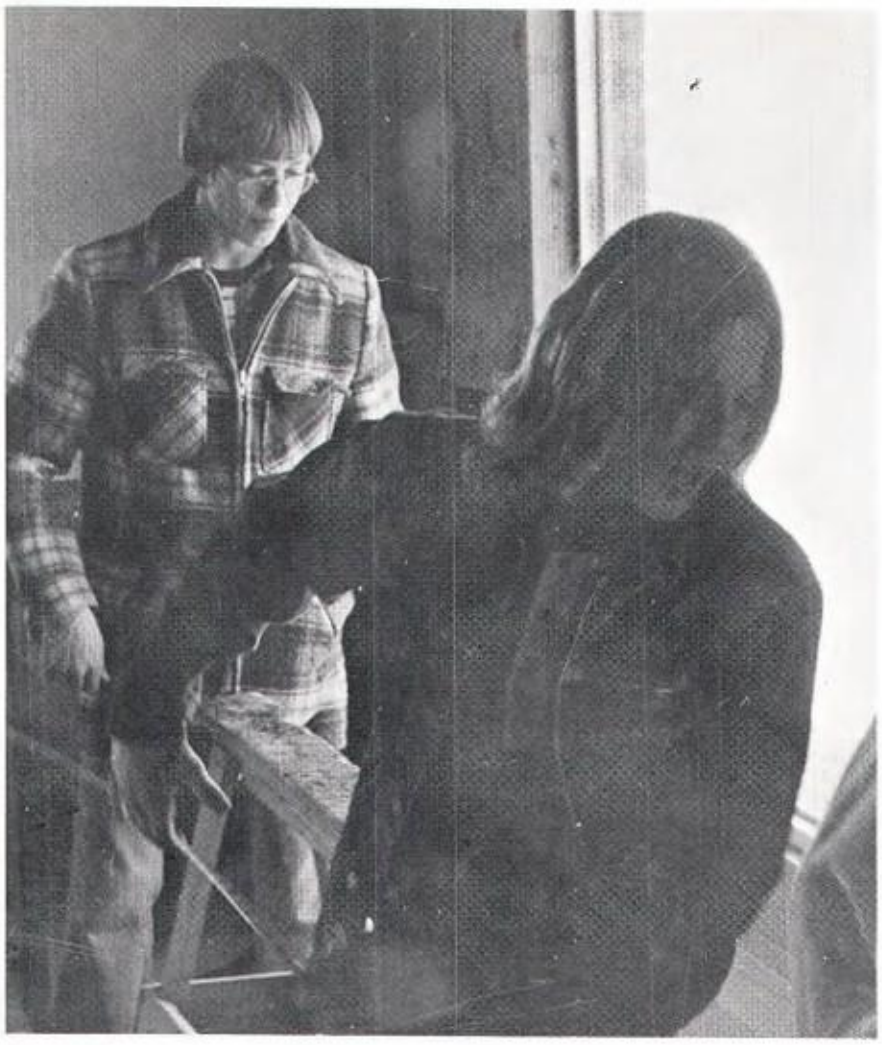
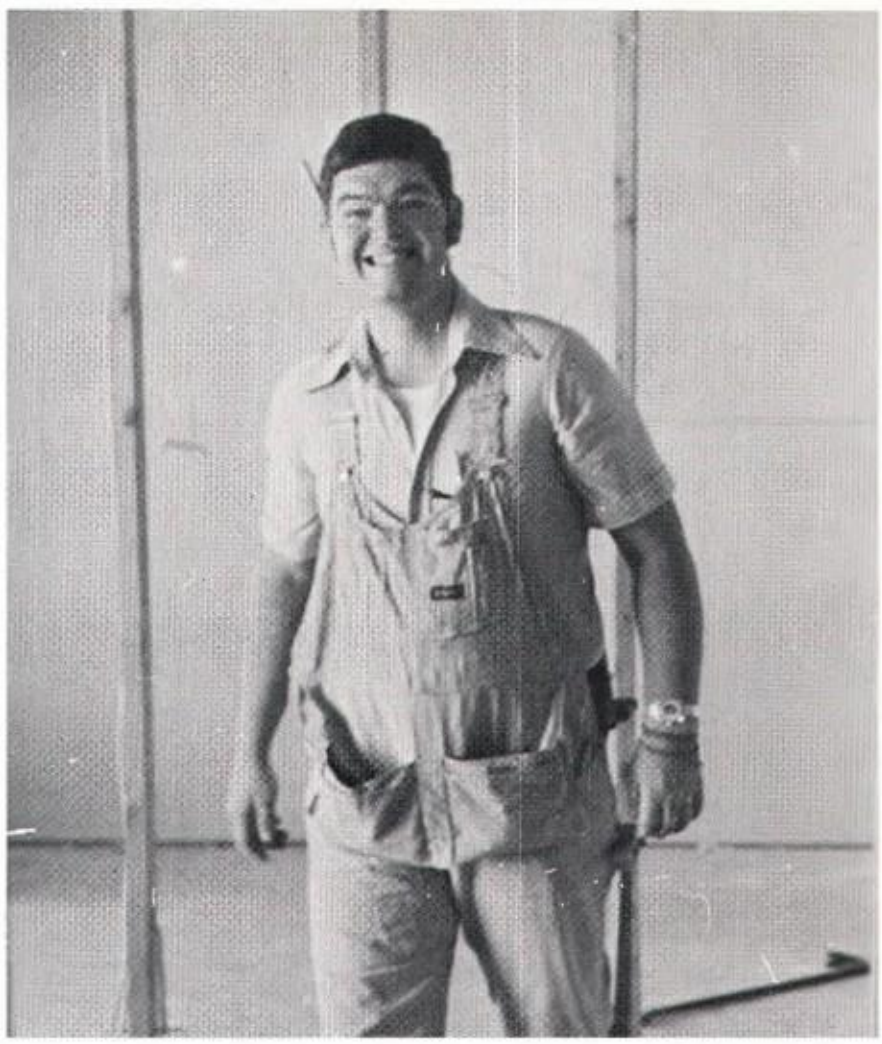
Communication Builds Spirit

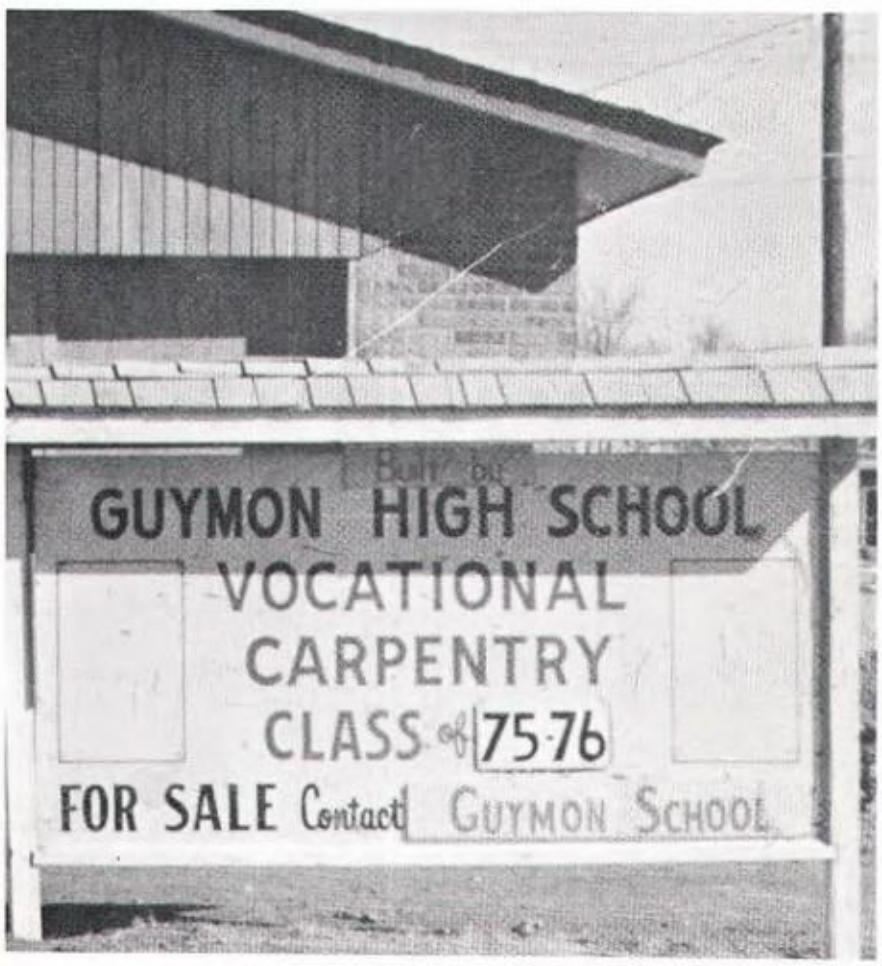
Debi Martindale, Tammy Stewart, Sandra Goff, Mrs. Roberts, (formerly Miss Roach), Debbie Vestal, Tammy Wood, Mary Miller, Grover Duffield, Billy Cooksey, Mike Ritter, and Doug Shelton are the 1975-'76 school year debaters.

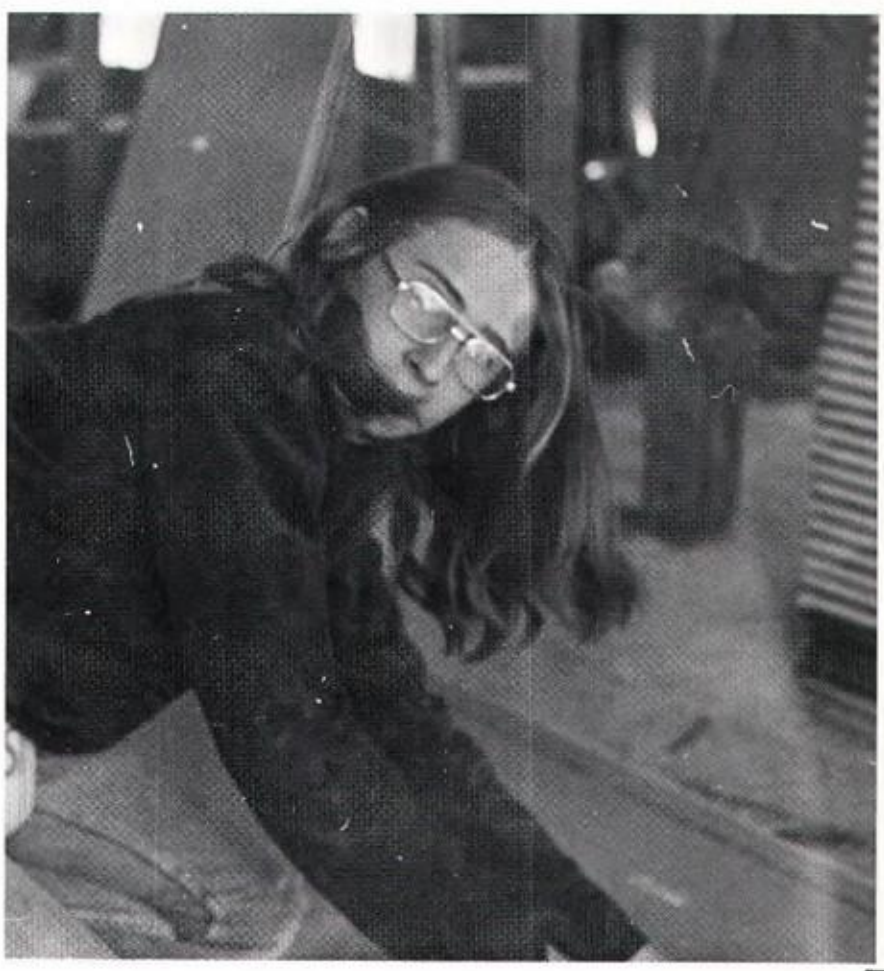
"Hey, Debi, do you think we can touch the ceiling?" "I don't know, let's try." "Hey, hey, you weiny!" "Just a few questions, please." "Go, Miss Bug!" "There is no need for change."
These are just a few of the things you might hear in the Debate room. Besides bringing home trophies to exhibit their talents and Tiger Pride, the Debate team learns communication and the art of getting their point across.

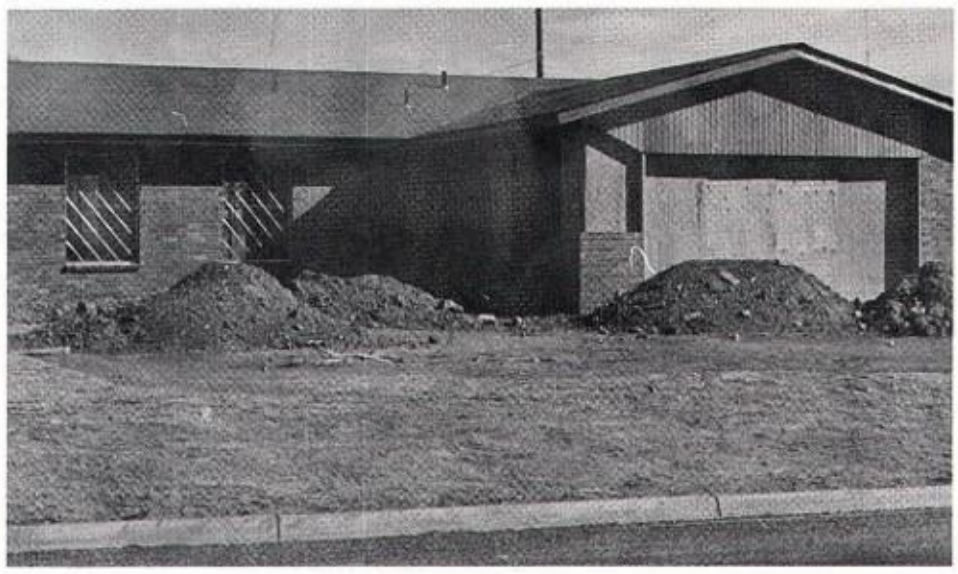


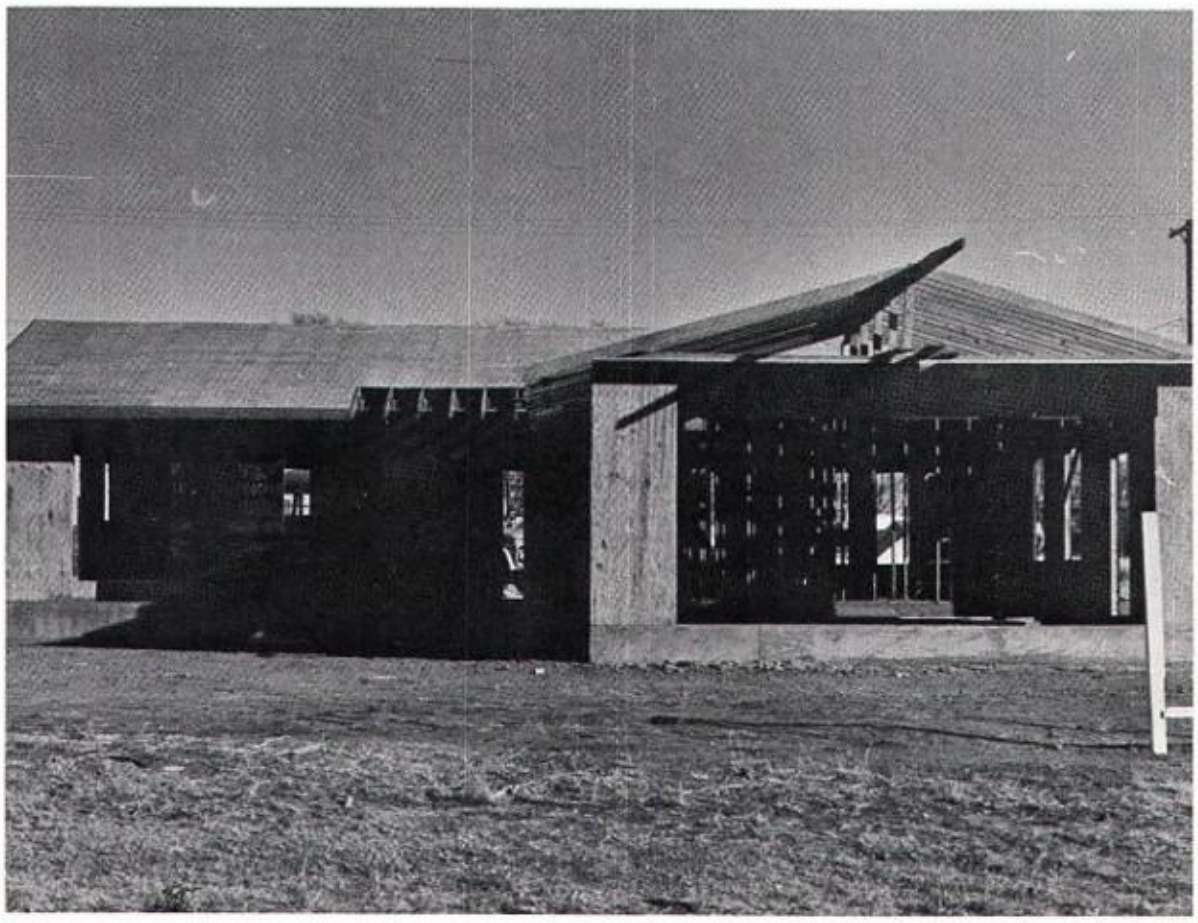


Vocational Carpentry Builds Strong Bones And Healthy Minds



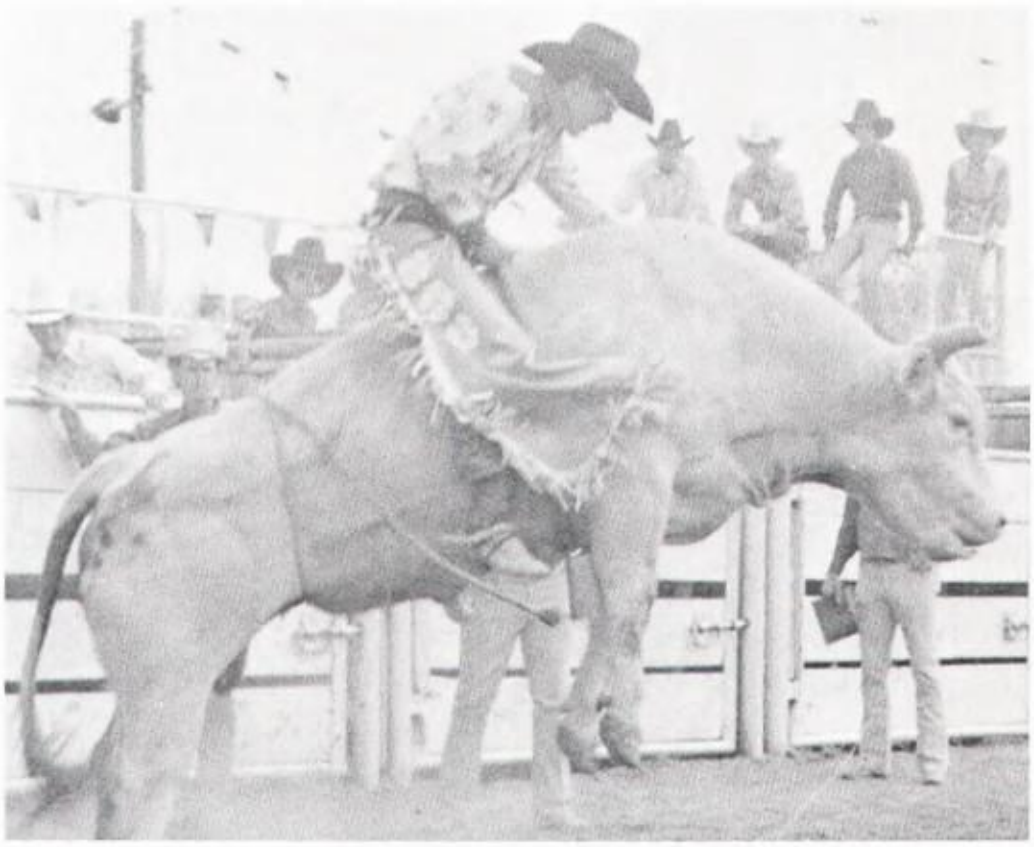






The vocational carpentry class of G. H. S. is a very busy class. They only go to school one half day, and spend the other half working on a house that is sold at the end of the year. These boys work hard and do a super job at building a house that is weatherproof, sturdy, and completely liveable.

If You Want Excitement, Rodeo Club Is For You!



This is the second year that Rodeo Club has been a part of GHS. You will not find a braver bunch of kids anywhere than the ones who risk their life every time the chutes or gates open. The 1975-'76 officers are Dennis Wilcox--President, Janette Holcomb--Vice-President, Lani Holcomb--Secretary, and Marty Wagnon--Treasurer.

Pete Guerra, Secretary; Dennis Wilcox, Treasurer; David Stone, Reporter; Stan Ralstin, President; Mark Campbell, Vice-president; and Mike Ritter, Sentinel. These efficient officers are reading up-to-date material on the feeding, breeding, and caring of all varieties of livestock.

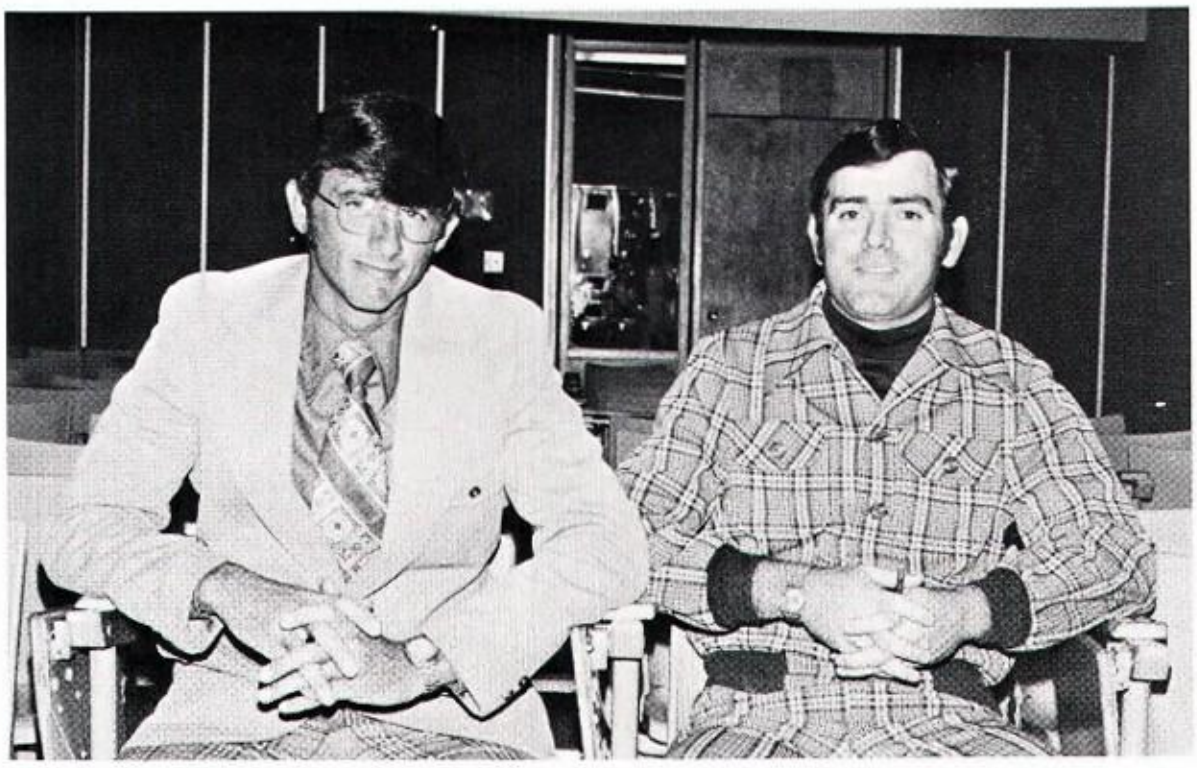
DRAMA

All Play

Hard Work

As you walk down the halls, you hear many strange noises, but the strangest noises seem to come from Room 103. You tip-toe up to the door and peep inside, and you see a class playing catch. What's so strange about that? Well, they don't have a ball! Or you see someone curled up on the floor pretending to be a cat. No, it's not a group of escaped mental patients; it's Mrs. Gardner's third-hour Drama Class! So if you ever walk by that class, don't be afraid. Remember that it is just your average high school drama class.

Science Club



Mr. Oblander and Mr. Tomlinson are the sponsors for the Junior High Science Club. With such fantastic people and great personalities, it's no wonder Science Club is so much fun. They take several trips during the year - to Goodwell touring their science department - selling insurance at Halloween - and best of all - the highlight of the year - a trip at the end of school usually to a place like Alabaster Caverns and the Little Sahara Desert - we hope you have a lot of fun this year, Science Club!

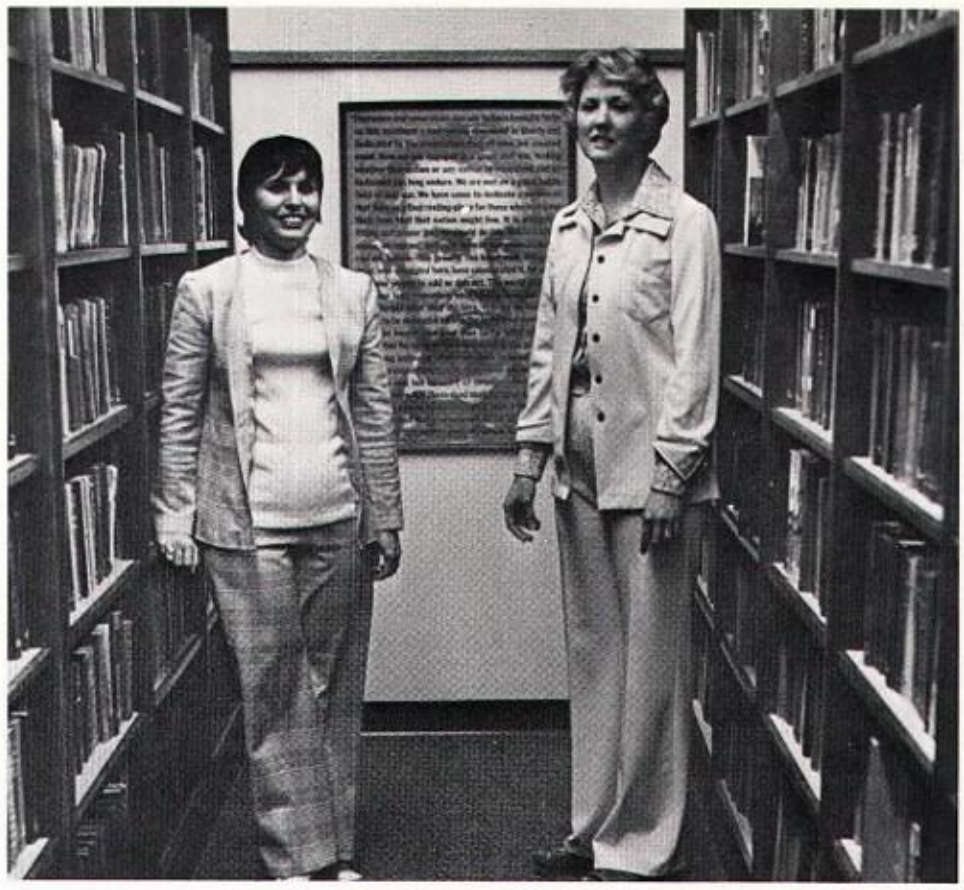
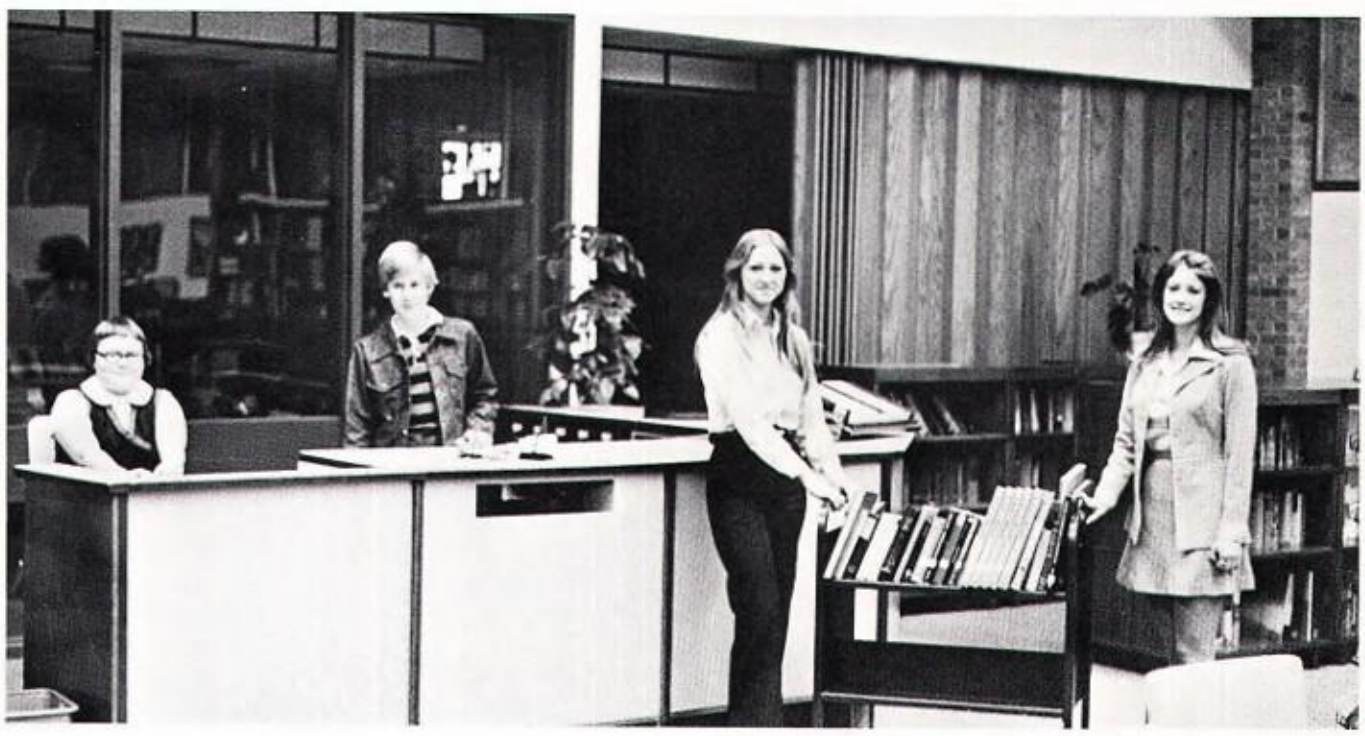
Read With Spirit In '76

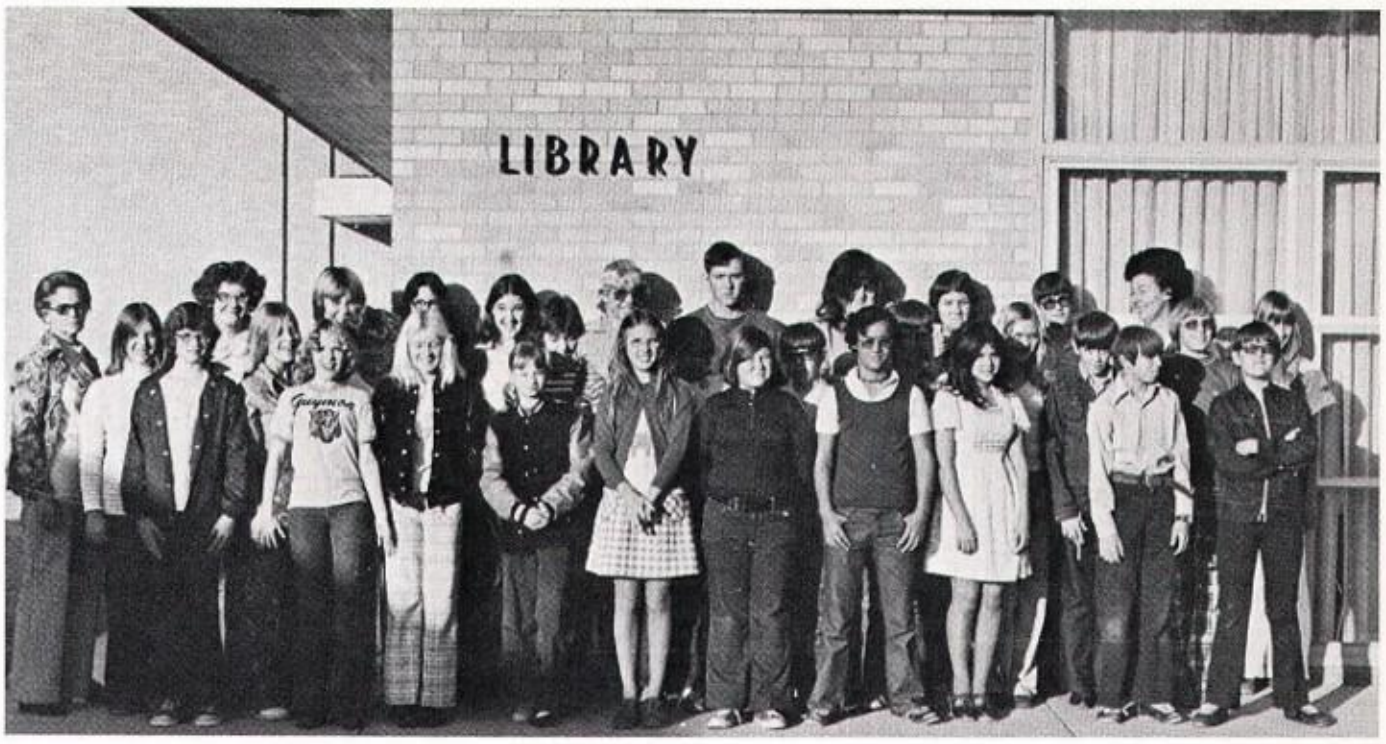
Mrs. Nelson and Mrs. Wolgamott keep the latest in encyclopedias and research materials. The G.H.S. Library is filled with the best sellers and the most outstanding books that are printed. The Guymon High School Library is equipped with up-to-date equipment to help the teachers present their lessons to their students.





"May I help you find a book?" - "Yes, we have that magazine." - "No, I am sorry, that book is not in right now." "What! You need some information on teenagers and sex, drugs, divorce rate in Guymon, and the causes of crime?" Does this sound familiar? It should, for these are the reports heard from the helpful, efficient library aides who assist all of us to become better citizens.

Learning the many library fundamentals is one of the various purposes of the Guymon Junior High Library Club. These students, although often called bookworms, are the helpful leaders of the library, showing other students just how important a library is!



Spirit Is

Mrs. Shaffer and Mrs. Glover, Library Club sponsors, are always on top of all Library Club activities. Helpful are these two sponsors in case you need their excellent library guidance in the Guymon Junior High Library.

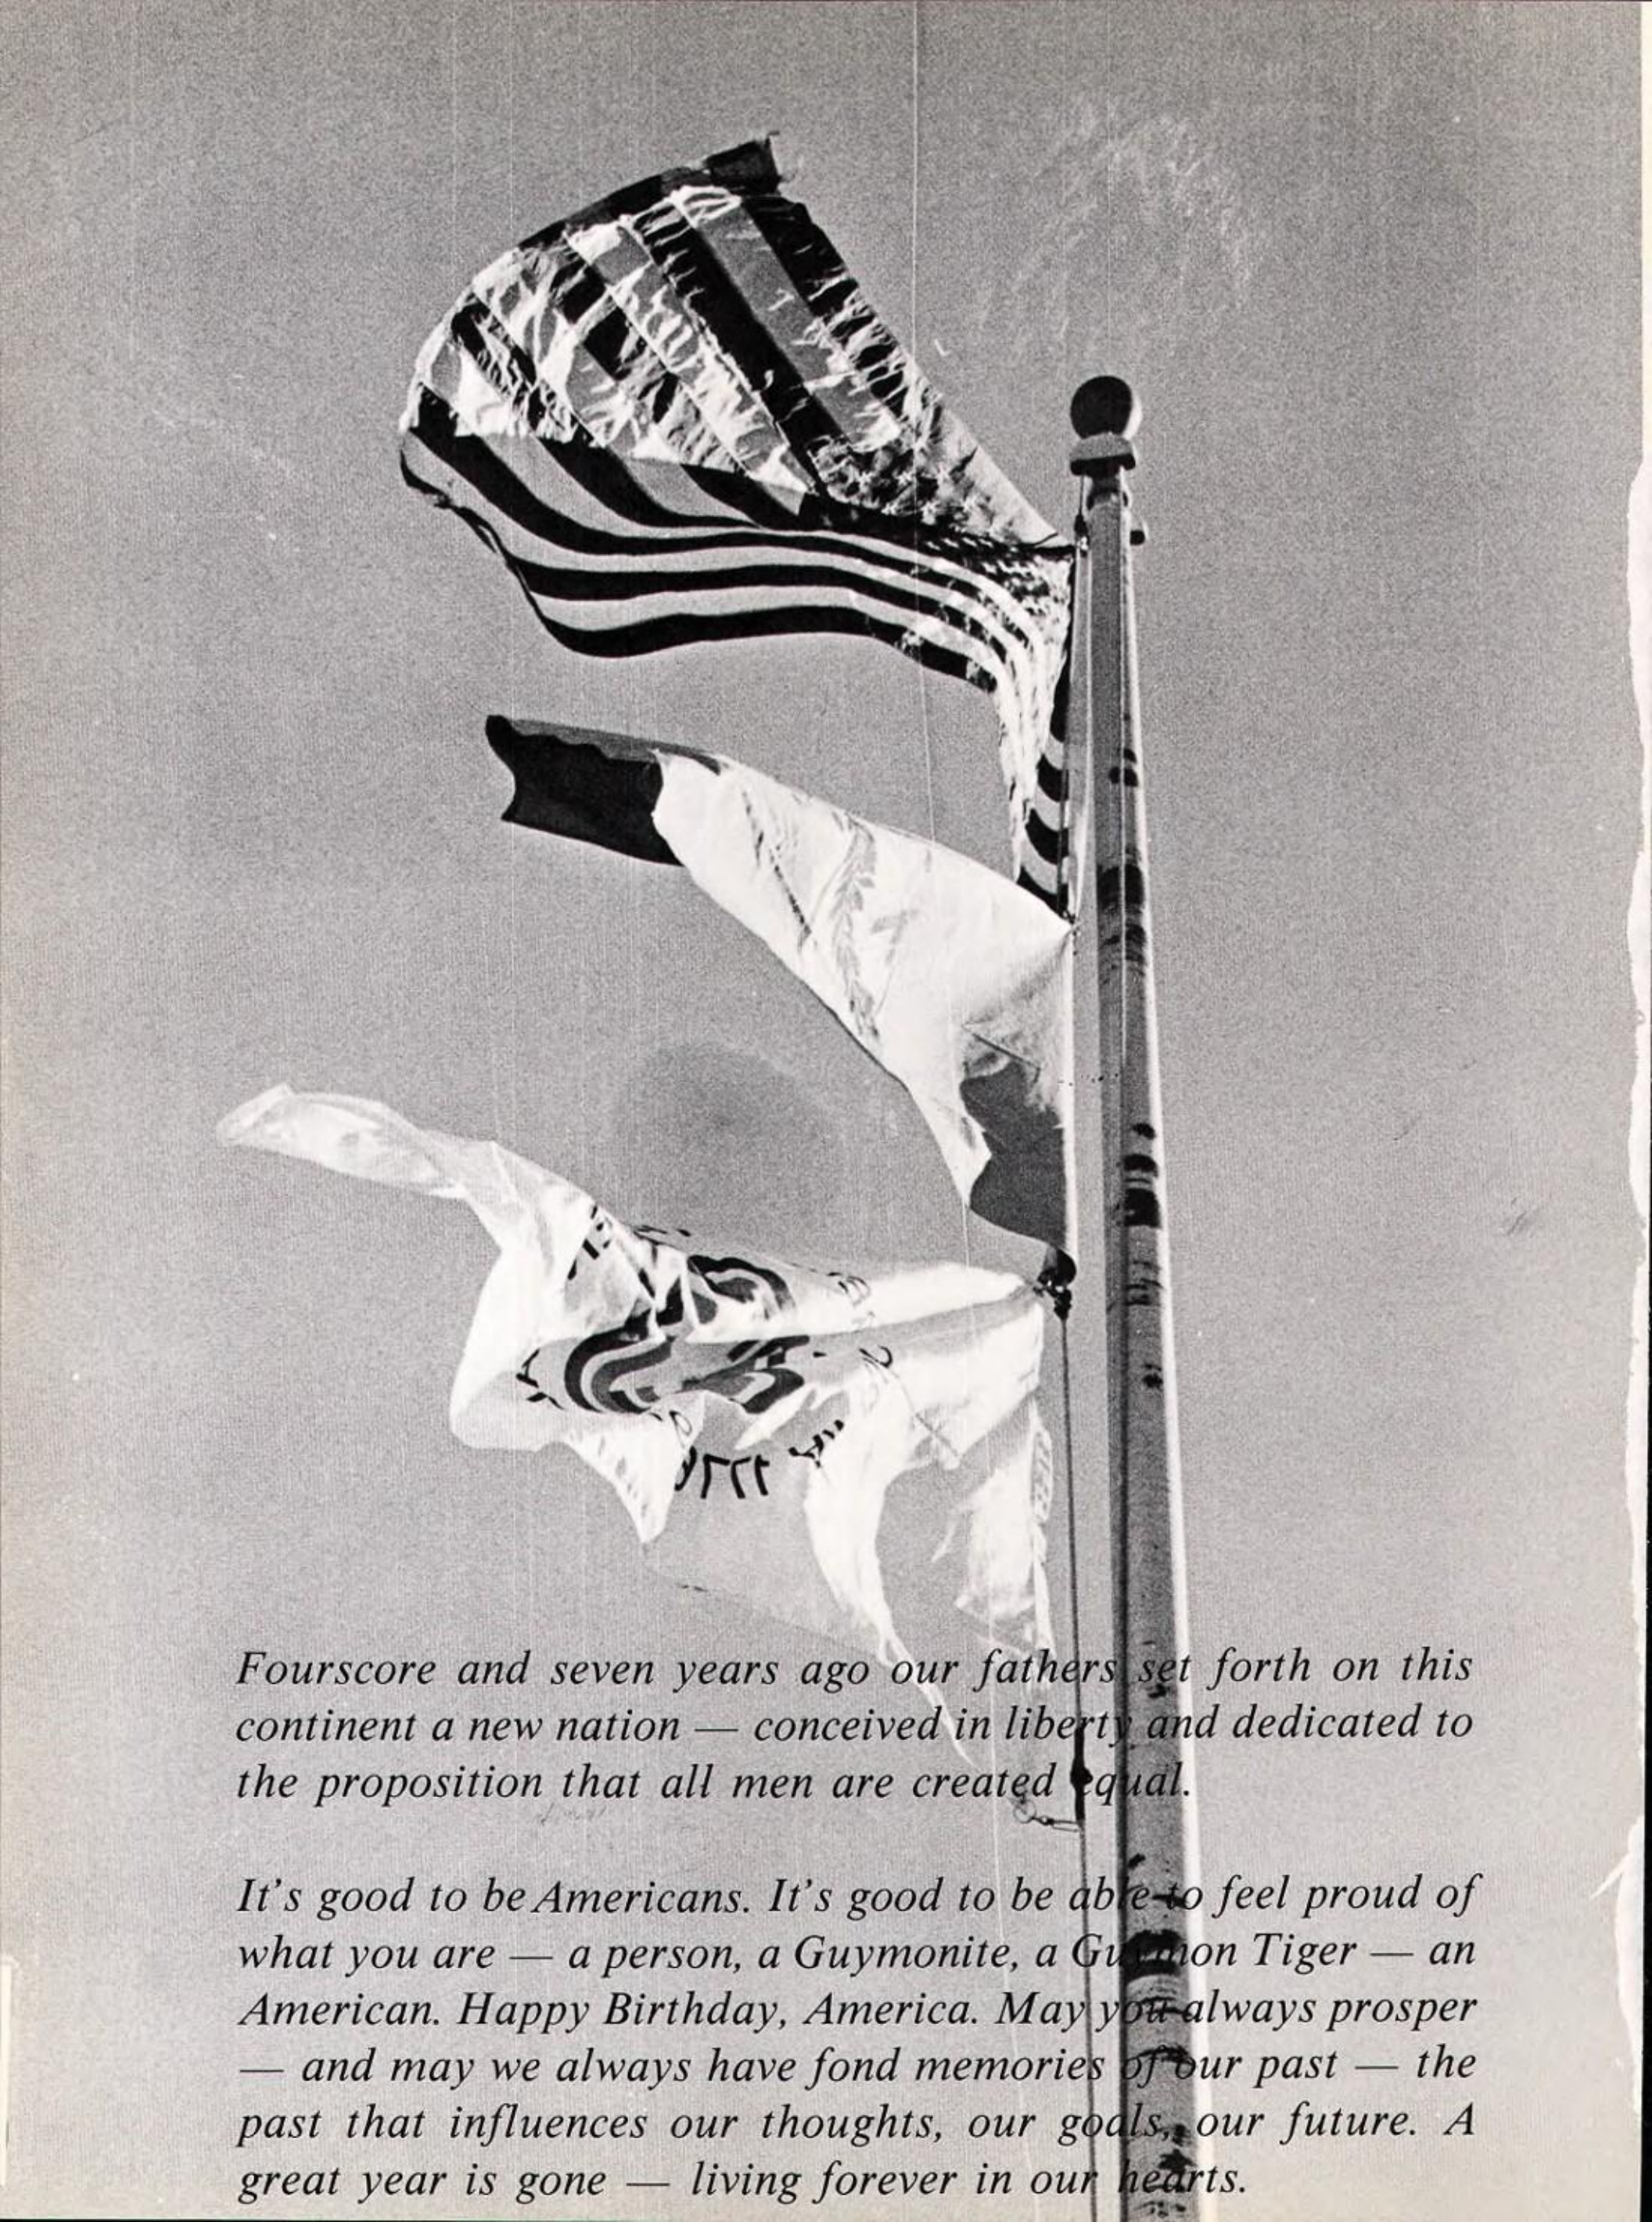
LOYAL TIGER SUPPORTERS



Fourscore and seven years ago our fathers set forth on this continent a new nation — conceived in liberty and dedicated to the proposition that all men are created equal.

It's good to be Americans. It's good to be able to feel proud of what you are — a person, a Guymonite, a Guymon Tiger — an American. Happy Birthday, America. May you always prosper — and may we always have fond memories of our past — the past that influences our thoughts, our goals, our future. A great year is gone — living forever in our hearts.

Eugene,
You're a pretty cool guy that ain't worth ? in French! You really gave Miss Bowling a lot of hell, but dint give her enough. Stay cool & we'll see next year. Ciao

Brian R.

Eugene,
You're a pretty cool guy. That's a French a whole lotta, which that is an understatement of the year, unless, of course, you're a man-woman transsexual. Then it's an accurate statement of the year.
Brian R.

Eugene,
Well, it's been a long year. Glad I'm not in your class anymore. Still, I'll miss you. Laughing at Mrs. Collins' expense was always fun. Keep up the good work and stay cool.
